Gayle (or Gail):

However you like to be called. How could anybody stay so quiet even with me in the same room! Quiet or not, you're a nice girl! Mucho luck in the days to come

Love,
Babs

Gail,
I hardly ever knew you were around in English because you're so quiet! You're a very sweet and kind girl, and I'm glad I met you!

Love, Marianne Mangano

(the Xmas manger)

Gayle. It's been great knowing you all these years. And it was nice having you in study hall, even if the study hall wasn't too cool. Swish you the best of luck always.

Stay sweet.

Love, your friend-

Gayle,
I really don't know what to say. I'm so glad you're leaving. I'm so envious of you because you're so lucky. You're going to be a senior, you're going to have your own car and you're going to have fun. But I know you must be a little sad to leave your friends so you can have fun and meet new people. Have a wonderful time in whatever you do and good luck. Dave Muddy

Gayle,
It's really been fun having you in Bus Machine. Remember those days when we had Study Hall? Those days Conrad's were the only place to go? Those were the days! Luck in the future — Love ya

How could I forget you, Babs? Trouble was, you were so quiet (typing) but I'll miss you anyway. Good luck with everything. Pat Mc Donough

Last, but not least, I've really been looking forward to writing to you. You're really one great person. I'm glad we had a real neat time together. Keep in touch. Luck to you that way.

Love

(the Xmas manger)

Gail,
I'm really glad I became friends with you this year. I appreciate the years to come. Good luck always

Love, Patty

Gayle,
I am really going to miss you. It has been so much fun in Pom-Pons and just plain being with you. You were very good when you were my partner. So

Gail,
It was great being on staff with you this year. You did a great job as resident Pom Pon girl. I hope you do well in Miss Dalton — then I can say I know a real live beauty queen.

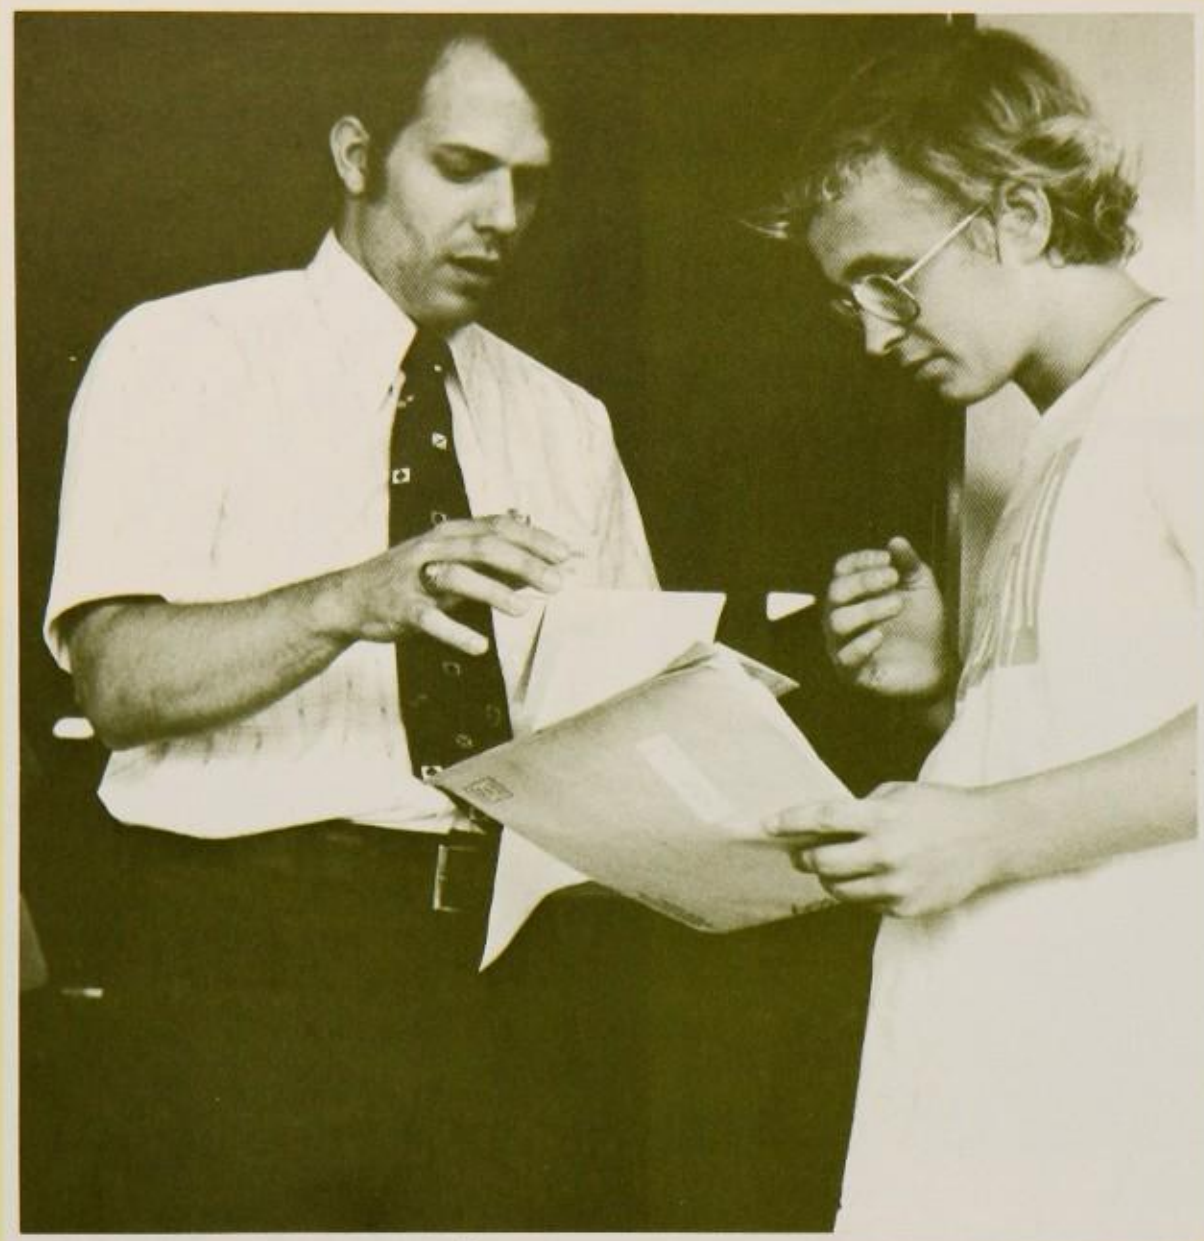
Once-in-a-lifetime experience

Upperclassmen began the 1973-74 school year with self-scheduling, in which they were able to select the teachers and schedules they wanted. Despite the options, many students still had changes in their programs. All 3,352 students returned to school and found classes five minutes shorter.

1973-74 was a year of discovery. The Watergate Scandal and resignation of Vice-President Spiro T. Agnew were topics of everyone's conversation. Skylab, one of the wonders of modern science and technology, was the first manned space station. World peace was shaken once again with the outbreak of another Middle East War.

These events were a one-of-a-kind venture and we, the TR students, knew that We Have Passed Through A Once-in-a-Lifetime Experience.

Album 144-215 Index 216-223



Dr. McKanna gives TR a new look

The '73-'74 school year at Thornridge began on a welcome note. Self-scheduling was given to the students, and a new principal, Dr. Robert McKanna came to Thornridge.

Although being principal was not a first time experience for Dr. McKanna, he did have a few experiences that were new to him concerning students of a large high school.

Dr. McKanna has a very strong background in the school system, and with this he has helped the school overcome some of the difficulties that were present.

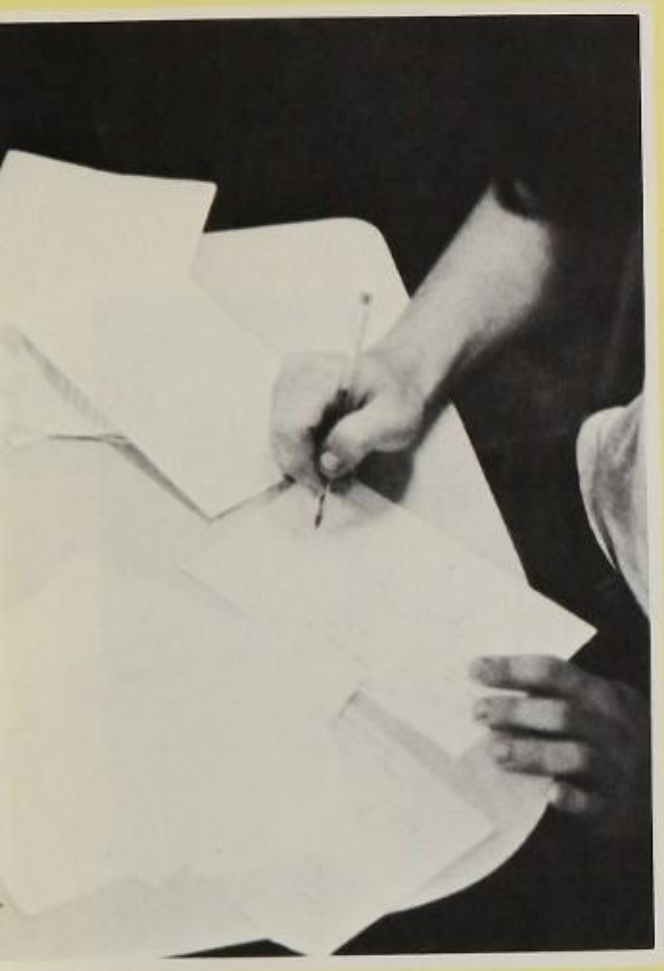
As Mr. Augustus, superintendent of Dist. 205, said, "Many candidates were considered in the selection of principal, but Dr. McKanna was chosen for his educational and leadership qualities."

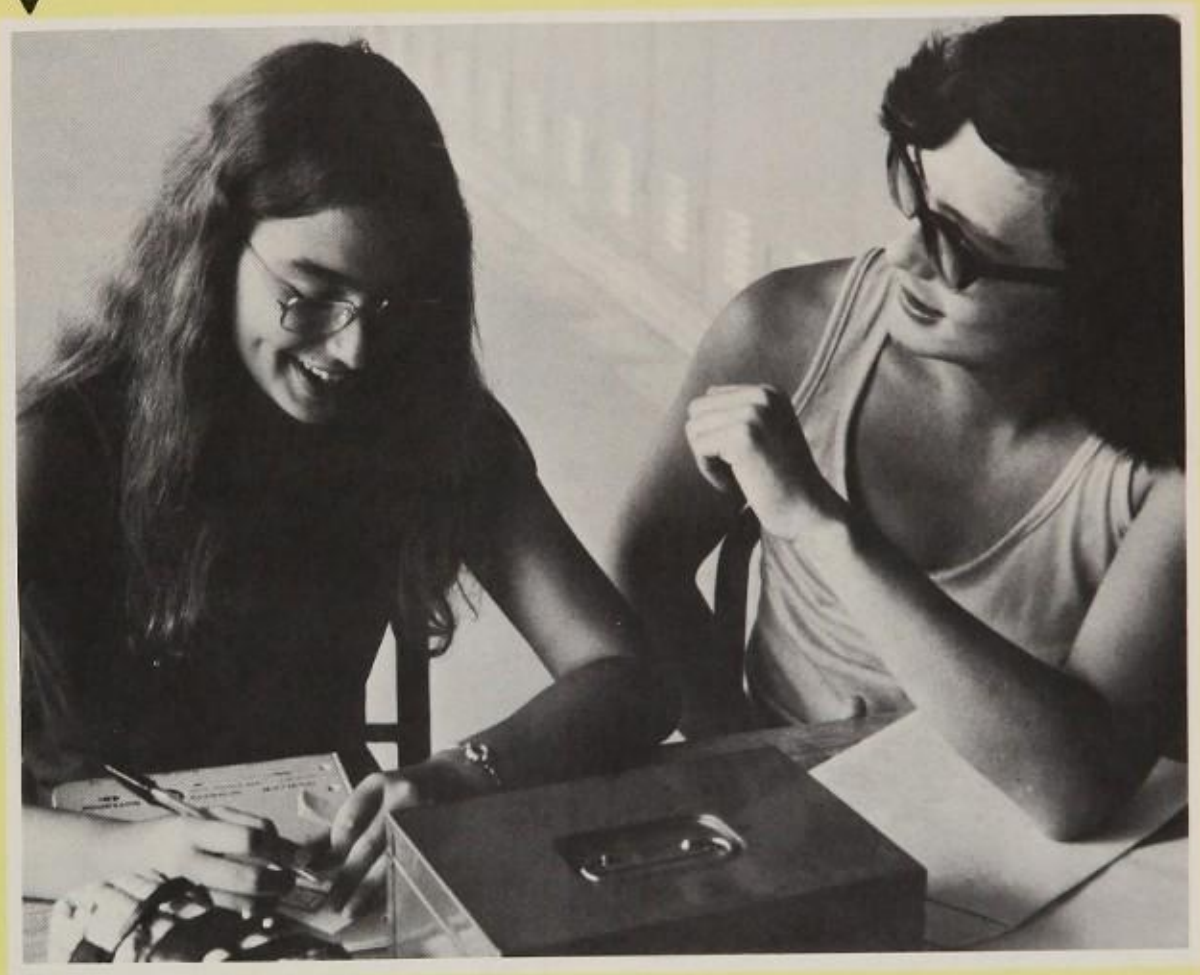
1. Dr. McKanna instructs Don Dytkiewicz on the principles of self-scheduling. 2. Dr. and Mrs. McKanna enjoy a quiet moment at their first dance at Thornridge High School, Homecoming Dance. 3. Relaxing at home is important, but seldom done. Dr. McKanna, his wife, two sons, David and John, and the family dog, do get to enjoy each other's company when Dad's not too busy.

TR innovates class choice by students

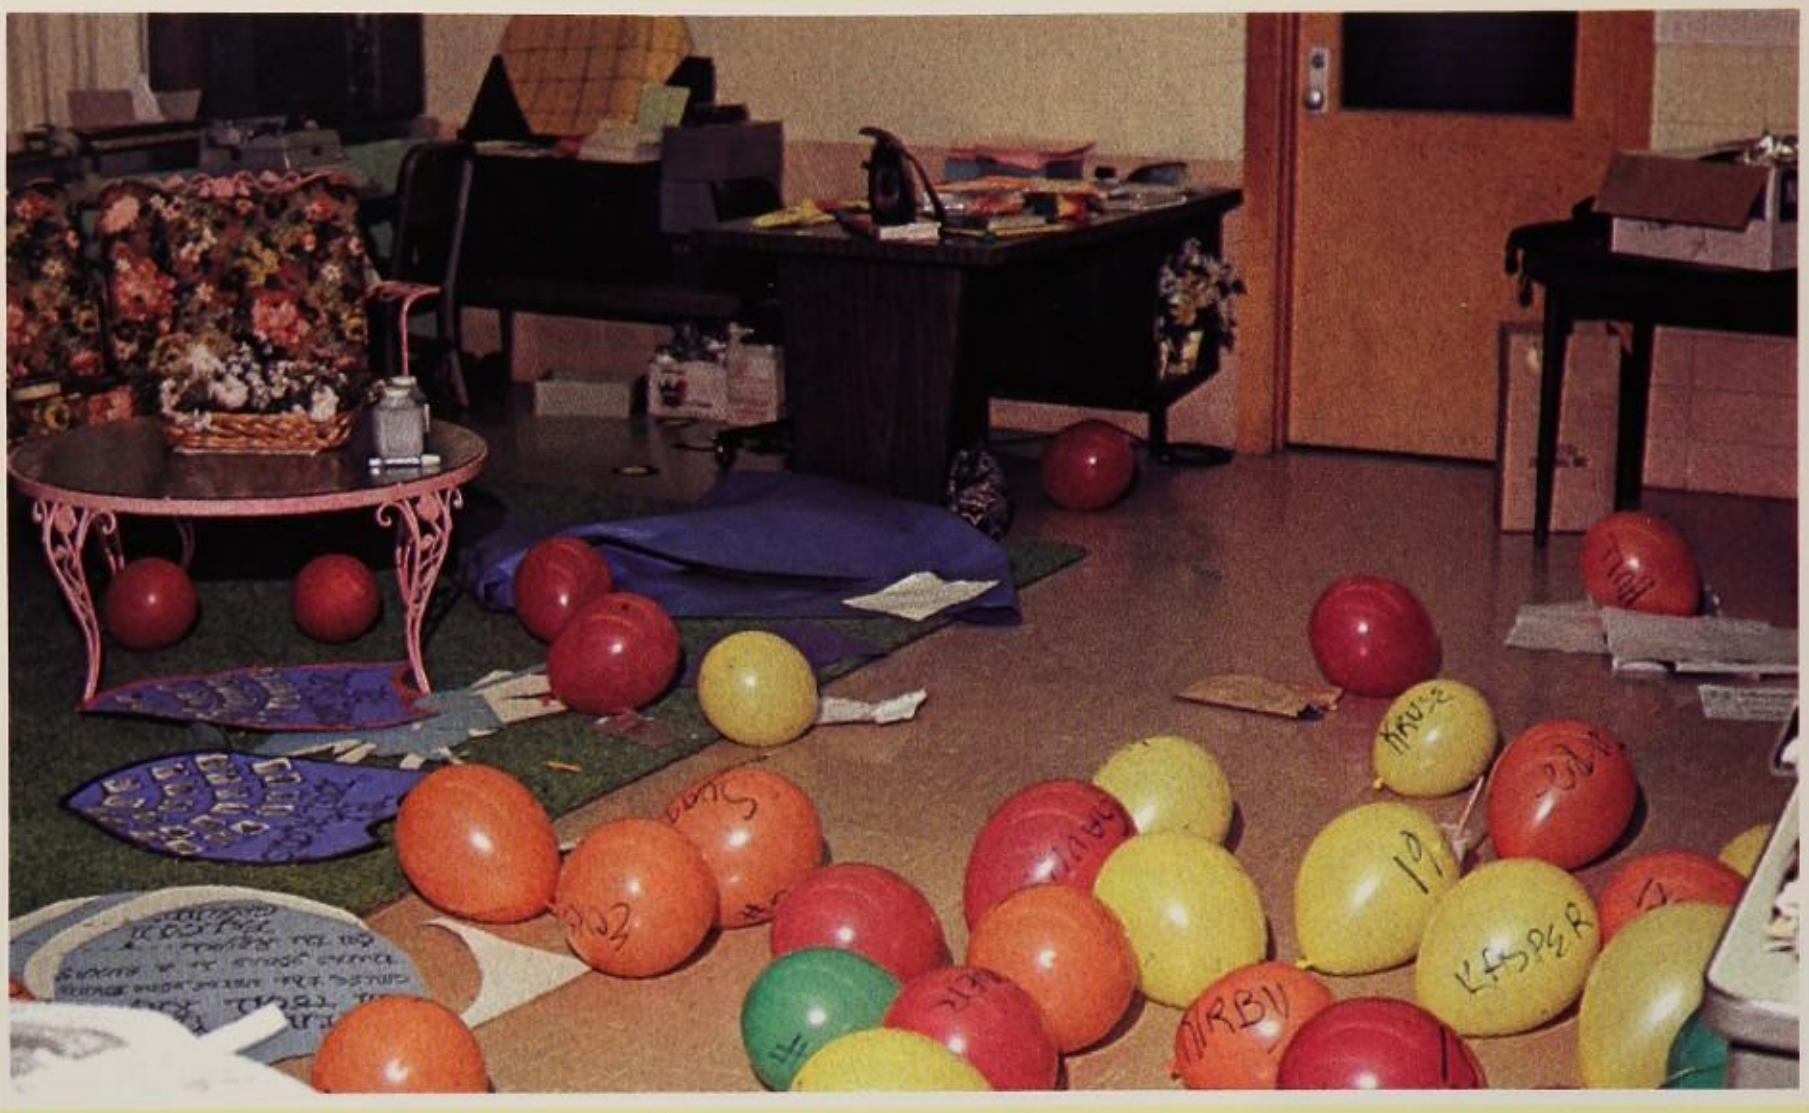
Students returned to school in August for self-scheduling, a program used for the first time in District 205, in which students were allowed to select the schedules and teachers of their choice.

January again brought scheduling to mind; because of the semester basis, schedules were changed or retained. Students look on the system favorably, for it was a first-time experience.





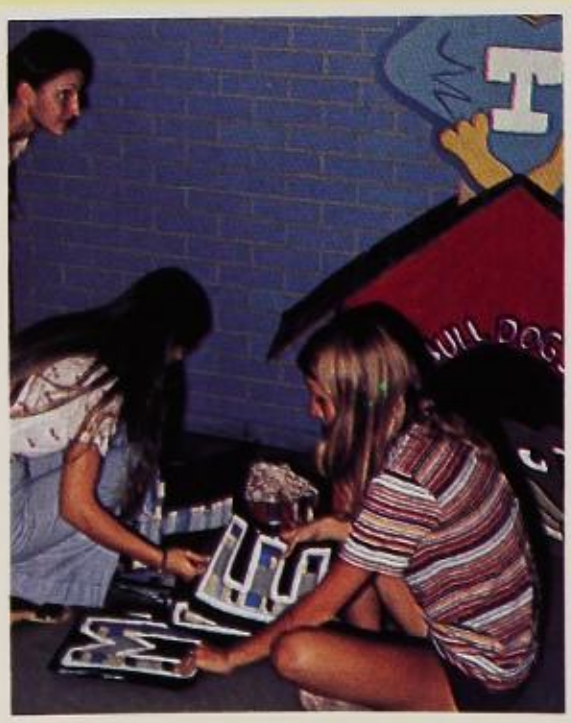
4. Jean Sabo calmly gets instructions from David Opperman, while inside she's saying — What do I do now? 5. More writing is required during scheduling than during the school year in some classes. 6. Mira Bjelotomich and Bob Flynn chuckle during not-so-busy hours of fling ticket selling. 7. Registration marks the beginning of school, but these students display the mixed emotions accompanying their return.



Homecoming Halls: a great success

Balloons, streamers, and long hours were some of the ingredients that made the Homecoming Hall Decorating Contest a huge success. With "Something Scottish" as this year's Homecoming theme, various clubs brought school spirit to an all time high.

As in every contest, awards were given to the best decorated halls. Lassies took first place, while Cheerleaders came in second, and Pom Pons placed third. An honorable mention was also given to Office Education.



1. The already colorful Girls Club office was even brighter with multicolored balloons used for the Girls Club hall. 2. Lassie captain Linda Baranowski and Cindy Stockdale spent long hours arranging "The Falcon Fable." 3. Cheerleaders, Chris Goralka and Gloria Whittington work dilligently while Debbie Morgan looks on.

Prom dreams came true on May 25

TR's '73 junior-senior prom, "A Time For Us" became that once-in-a-lifetime experience for those couples who attended. Being in the splendor and romantic atmosphere of prom is the dream of every girl in high school and many wishes were fulfilled that evening.

Music by the Jerry Myrow Band provided the entertainment. Highlights of the evening were the announcement of Prom Court and the crowning of Queen Marcia Hodges.

Students defy tradition

Fighting for a place in front of the fan, wiping perspiration from their foreheads, and hating hot, stuffy classrooms are all part of the traditional role of TR summer school students.

This tradition was part of many students' lives as they sat through classroom courses such as U.S. History, Math, and Sciences. Many students used the two semesters (1,321 on June 12 to July 3 and 1,162 on July 5 to July 26) to get ahead as well as to make up for failures from the regular school year.

But breaking away from tradition, 641 students took special interest courses. Area grade school children played an important part of these courses as they were involved in athletics such as football, tennis, and gymnastics.

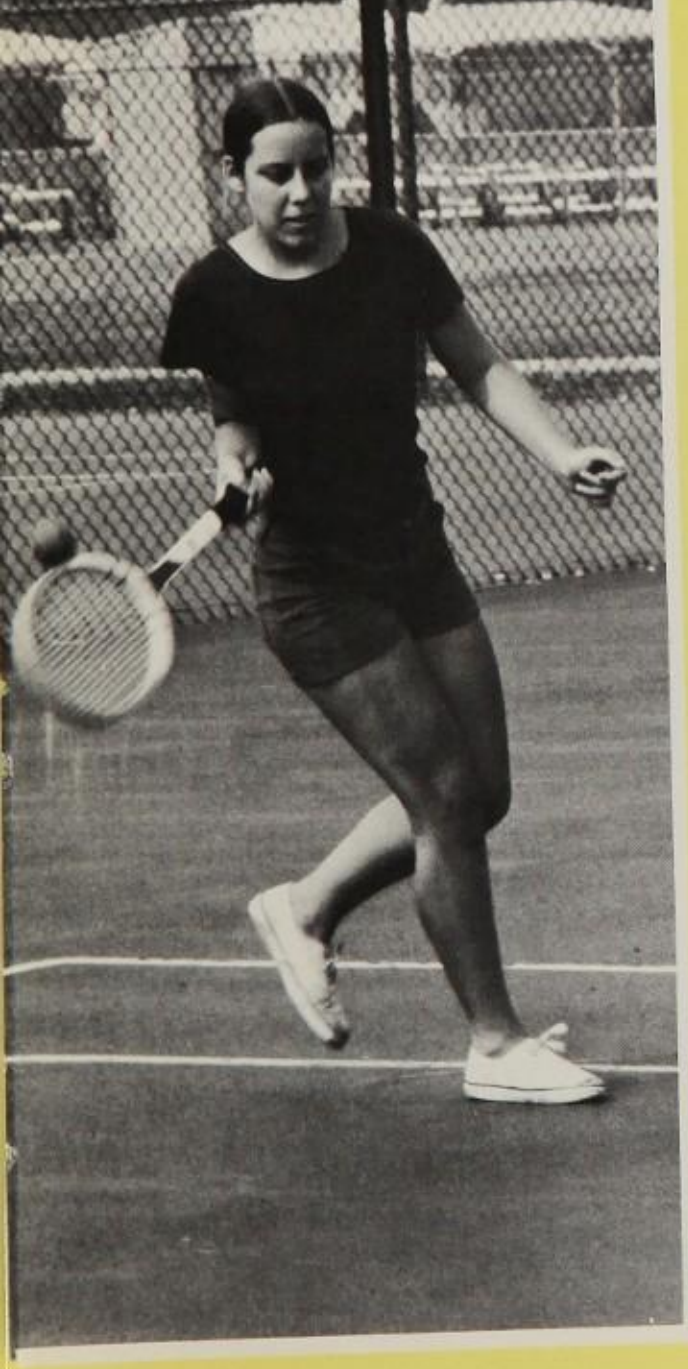
1. Drivers ed student nervously surveys the scene in the parking lot before starting. 2. Coach Lunak drills a possible future Falcon star. 3. "Which key do I use now, Teacher?" 4. Even Barbara Lynch, a Seaton student, finds interest in TR's summer school program. 5. Taking a twirl on the bars keeps a gymnastics student fit during summer.



Modern fads reflect an age of nostalgia

Nostalgia was the cause of the changing trends in fashion and music. Guys trimmed their long hair and girls traded miniskirts for saddle shoes and "baggies." Elvis returned on the scene and almost everyone was digging the golden oldies of the rock 'n roll years.

The sounds and laughter of a carnival are enjoyed by everyone. For those who came to the first SCOT Fall Carnival on Oct. 27, 1973, there were enough clowns, balloons, and booths to keep everyone happy.

1. Mr. Chylinski **(Right)**, and Nena Campbell stop being targets while Wendy Churitch **(Right)**, and friend scrape off potatoes for reuse. 2. Happiness is . . . buying a balloon from Paddy Wilson, the fairy princess. 3. Renee Hock and Joanne Greenhill smile for the camera while a small boy decides what he wants. 4. Wild knee socks, cuffed bells, and saddle shoes are relatively new on the scene, yet skirts and nylons are still old standbys. 5. With a halter top to keep her cool, a young tennis player has visions of becoming another Billie Jean King.

Rosanna samples TR life

Last year a "cold wave" hit TR in the form of our exchange student from Iceland. This year the warm and humid weather of the Philippines accompanied Rosanna Javier — TR's 1974 Exchange Student.

Staying at the home of Pat Segal, Rosanna learned many of the customs and pastimes of the United States while also living in the middle of the "Energy Crisis."

Coming to America has been a once-in-a-lifetime experience for Rosanna. Thornridge is a complete change from her school in the Philippines which was an all girls' school operated by nuns. Also at school in the Philippine Islands uniforms must be worn, so here at TR Rosanna now feels at least a little bit more free to choose what she will wear.

1 2

1. Bicycling is simple, but for someone who has never ridden one before, it may pose a problem, as Rosanna finds out. 2. Pat, Rosanna and Mrs. Segal enjoy the newspapers on a Sunday afternoon. 3. Helping set the table is just one of the duties Rosanna has in her American home. 4. Playing Frisbee is fun, but first the rules must be learned as Pat explains here.

696 change in a moment to a new era

After spending four of the most important years of their lives anxiously awaiting this moment, seniors could hardly believe it had arrived. Now some of the friendships and experiences of high school seemed to become just a memory.

Each of the 696 members of TR's class of '73, the smallest since '67, shared this thought. They knew life would be different after this moment; they would have to change to cope with the problems and responsibilities of an adult world — a new job, college, a different way of life because They Have Passed Through A Once-in-a-Lifetime Experience.

Activities are an important experience

Activities came into being for a person to enjoy and at Thornridge High School many activities offered are a first-time experience.

Acting on stage in a play could change one's whole outlook on life. Athletics provide an outlet for using one's muscles. Teams such as volleyball, gymnastics, tennis and golf provide companionship, but yet have competitive qualities.

Meetings also provide channels for the intellectuals. AFS, Chess, PST and Debate are fast growing in the TR school system.

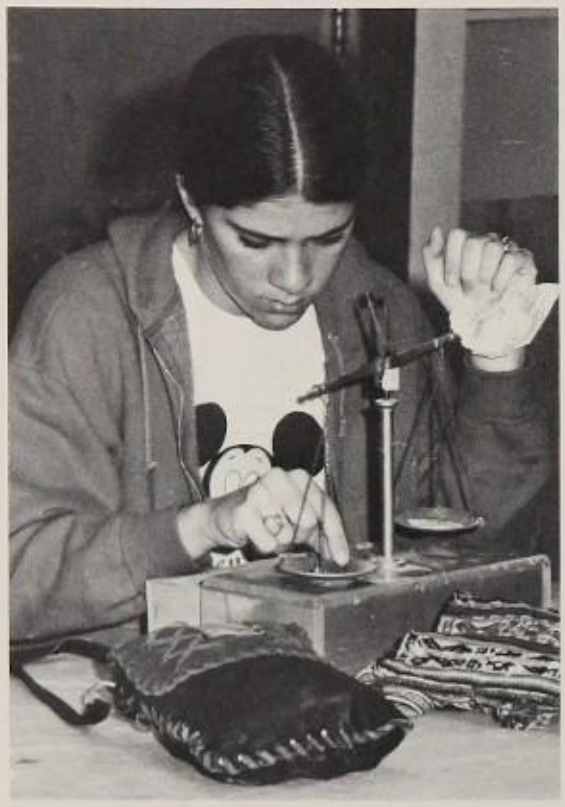
Experience From Knowledge
Academics



Originality can create masterpieces

Long hours of hard work and concentration go into any form of art. Thornridge's Art Department allows students to use their imagination and originality in creating their own "masterpieces" and possibly secure a future in art.

Concentration and skill are needed to design an intricate piece of jewelry, or dab that last stroke of paint on a finished masterpiece. Basic skills of art, such as using proportion and color blending, are taught in the Art Department. Specific techniques are often tried in the more advanced classes. As time goes on, these students will often develop a style of their own. From here the student becomes an "artist."

1. Unmolded clay begins to form as Jodi Wrobleski uses the pottery wheel. **2.** Jamie Flynn weighs her silver before making her jewelry piece. **3.** A general art student learns to be creative with the minimum amount of supplies. **4.** Delicately spreading chalk, Mauzkie Ervin adds to his work of art. **5.** A linoleum print begins to take shape as Marianne Tsilis forms her pattern. **6.** A student carefully works at spreading the ink over his finished linoleum print.

TR students learn trade in Business

Thornridge's Business Department provides the necessary foundation to become a qualified secretary or bookkeeper. Students learn basic skills in typewriting, data processing and accounting.

As students progress and accelerate, they go on to more advanced classes. These are the students who utilize all the skills they have learned to help themselves in school and in their life's career. These business skills will also be used in Distributive Education and Office Education. Any business training can help a student at some time in his life.

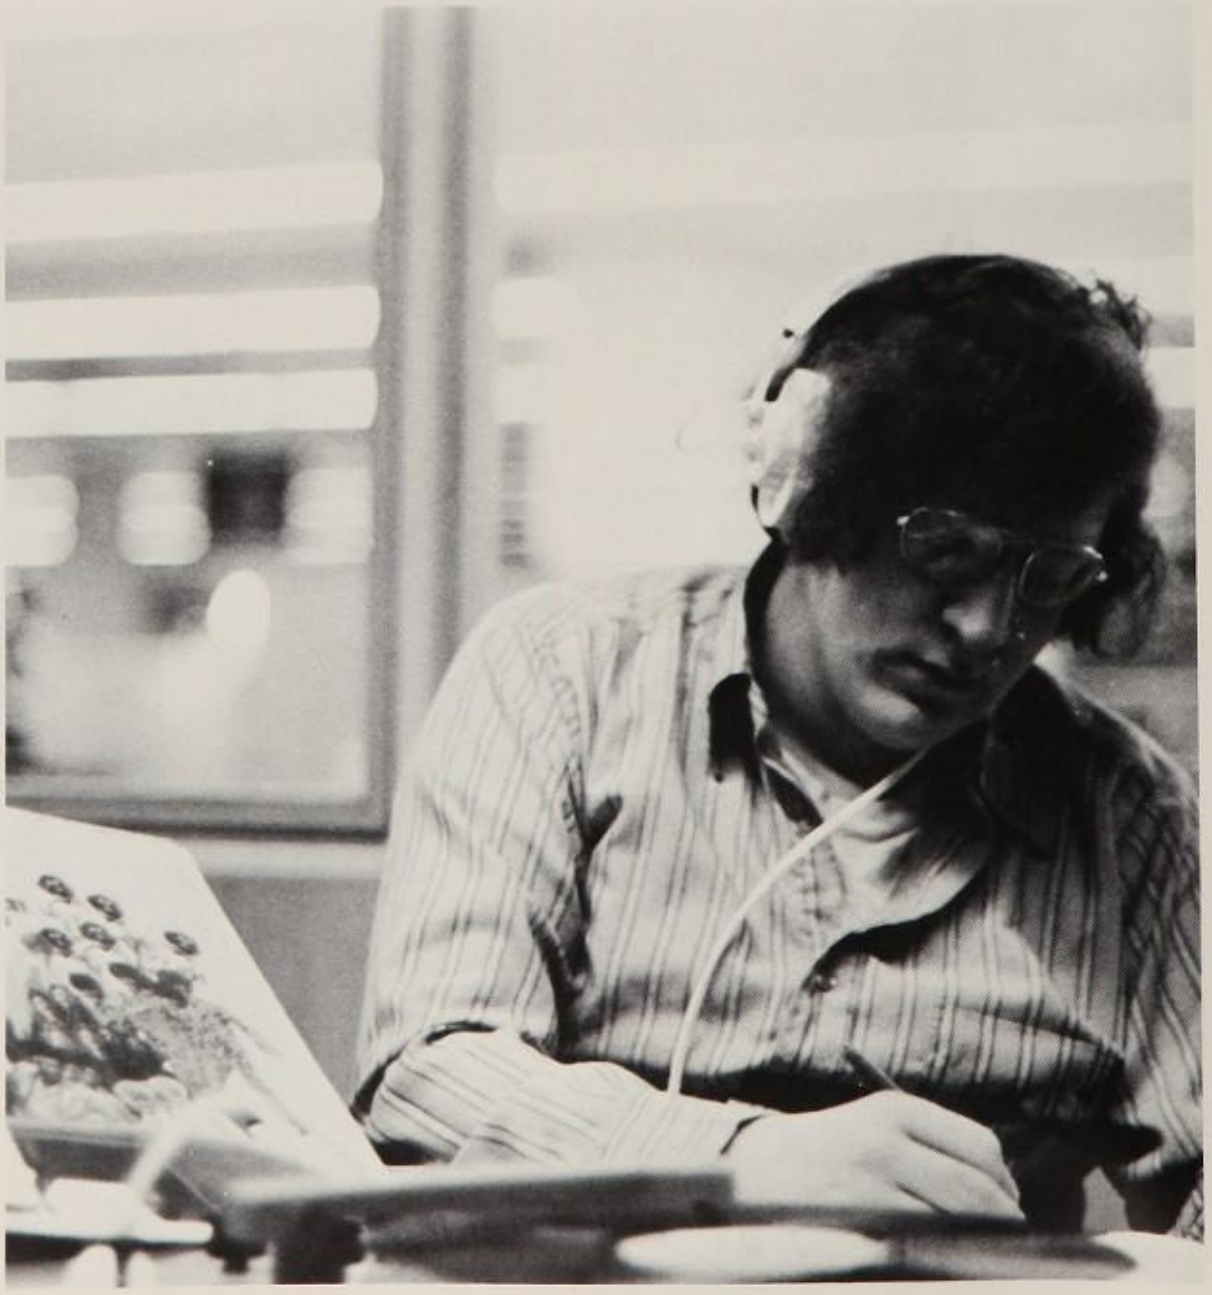
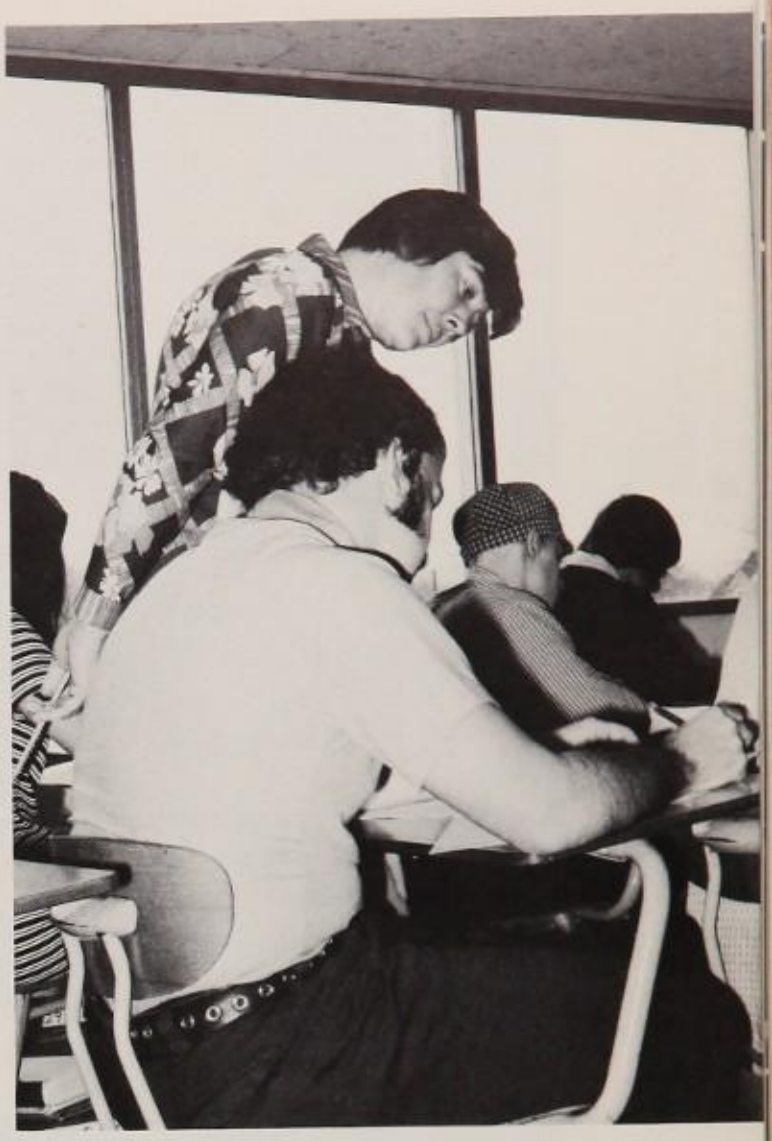
Creativity sets mood for students

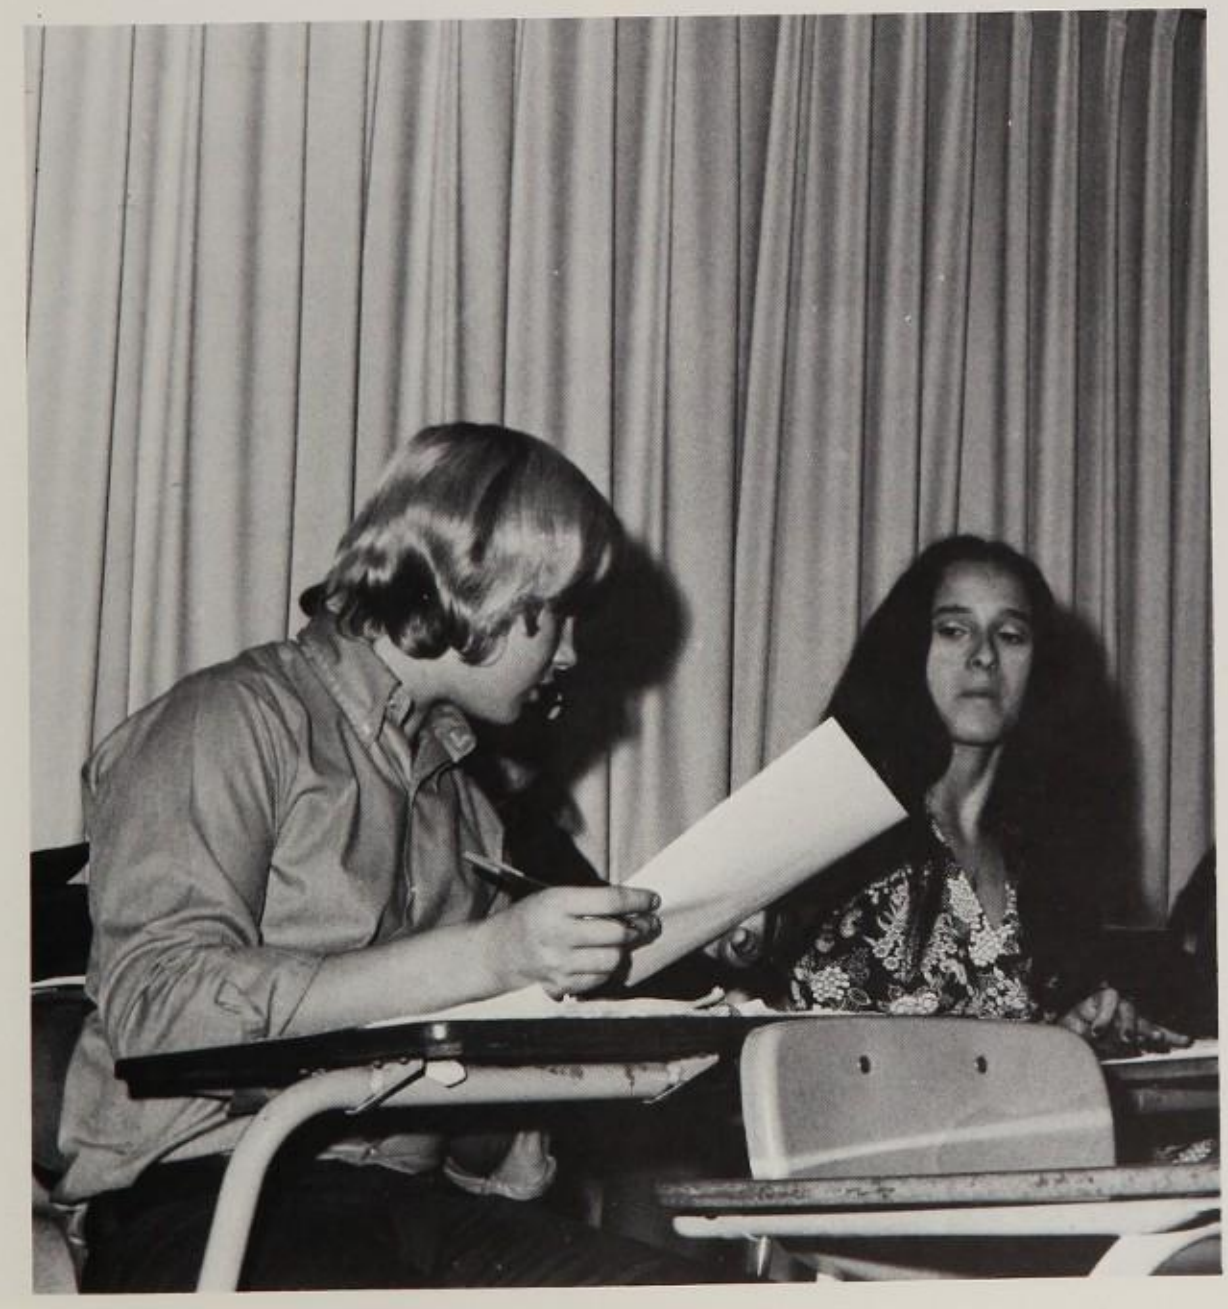
Class discussions, students writing furiously, and plays being acted out are just a few of the things one might see if he looked in on an English class here in Thornridge's English Department.

High School English has taken on a new face in the last few years, and today's students are the beneficiaries of that change. Today's students have the opportunity to learn more than vocabulary, spelling, and grammar.

Due to the eight different writing courses and seven different literature courses, creativity can now be utilized that might otherwise be wasted.







1. Students assisting other students in the reading lab help to develop their reading skills. **2.** Mr. Lohmar and aide Mrs. Luebbe give individual assistance to students. **3.** The library is of great use to Ken Morgan as he listens to an album. **4.** Judging a tower in AC&C are Andy Belford and Debbie Rothbard, while Doug Jones indicates the good points. **5.** Frank Manes receives a watchful glance from Mrs. Watts. **6.** During English, Sharon Marsala and Doug Jones compare answers on a returned test.

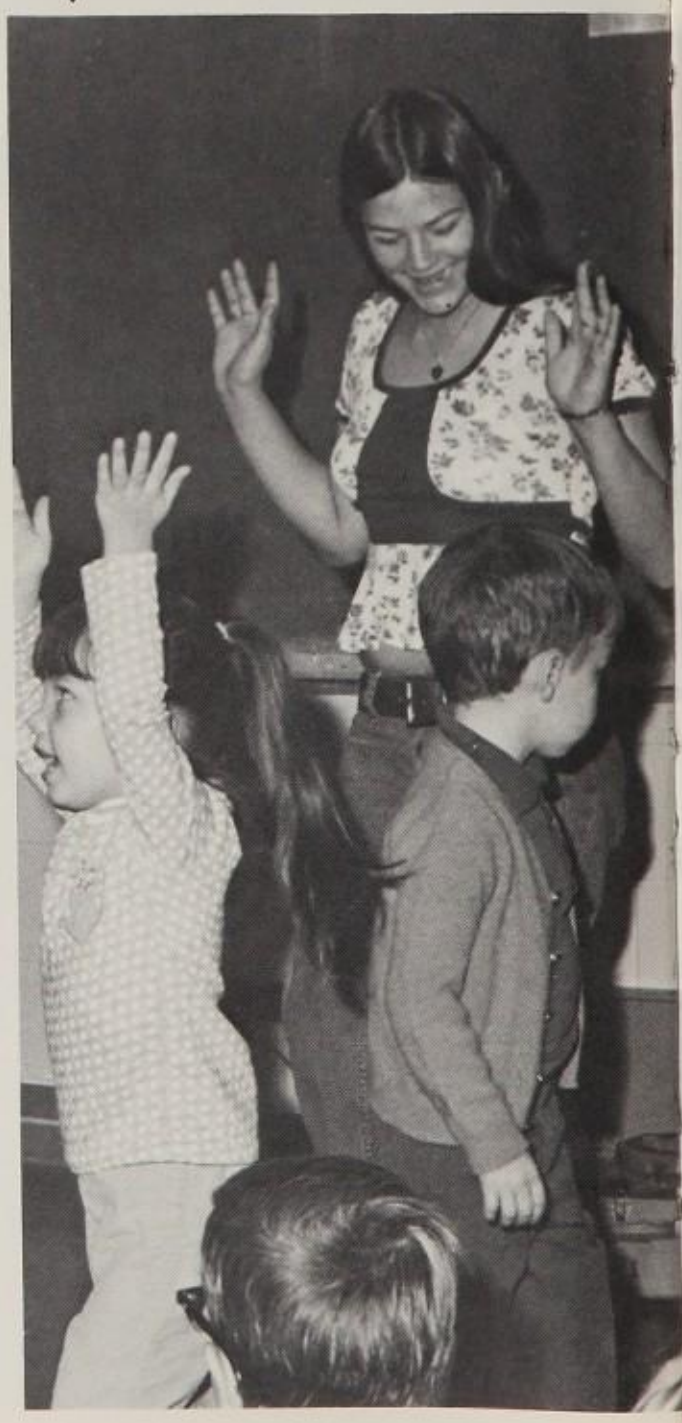
Guys, too, can learn to cook, sew

Anyone who walks in 'B' building knows what the students in Home Ec. are doing. The smell of food cooking fills the air, sewing machines hum, and small pre-schoolers run and play in the hallways.

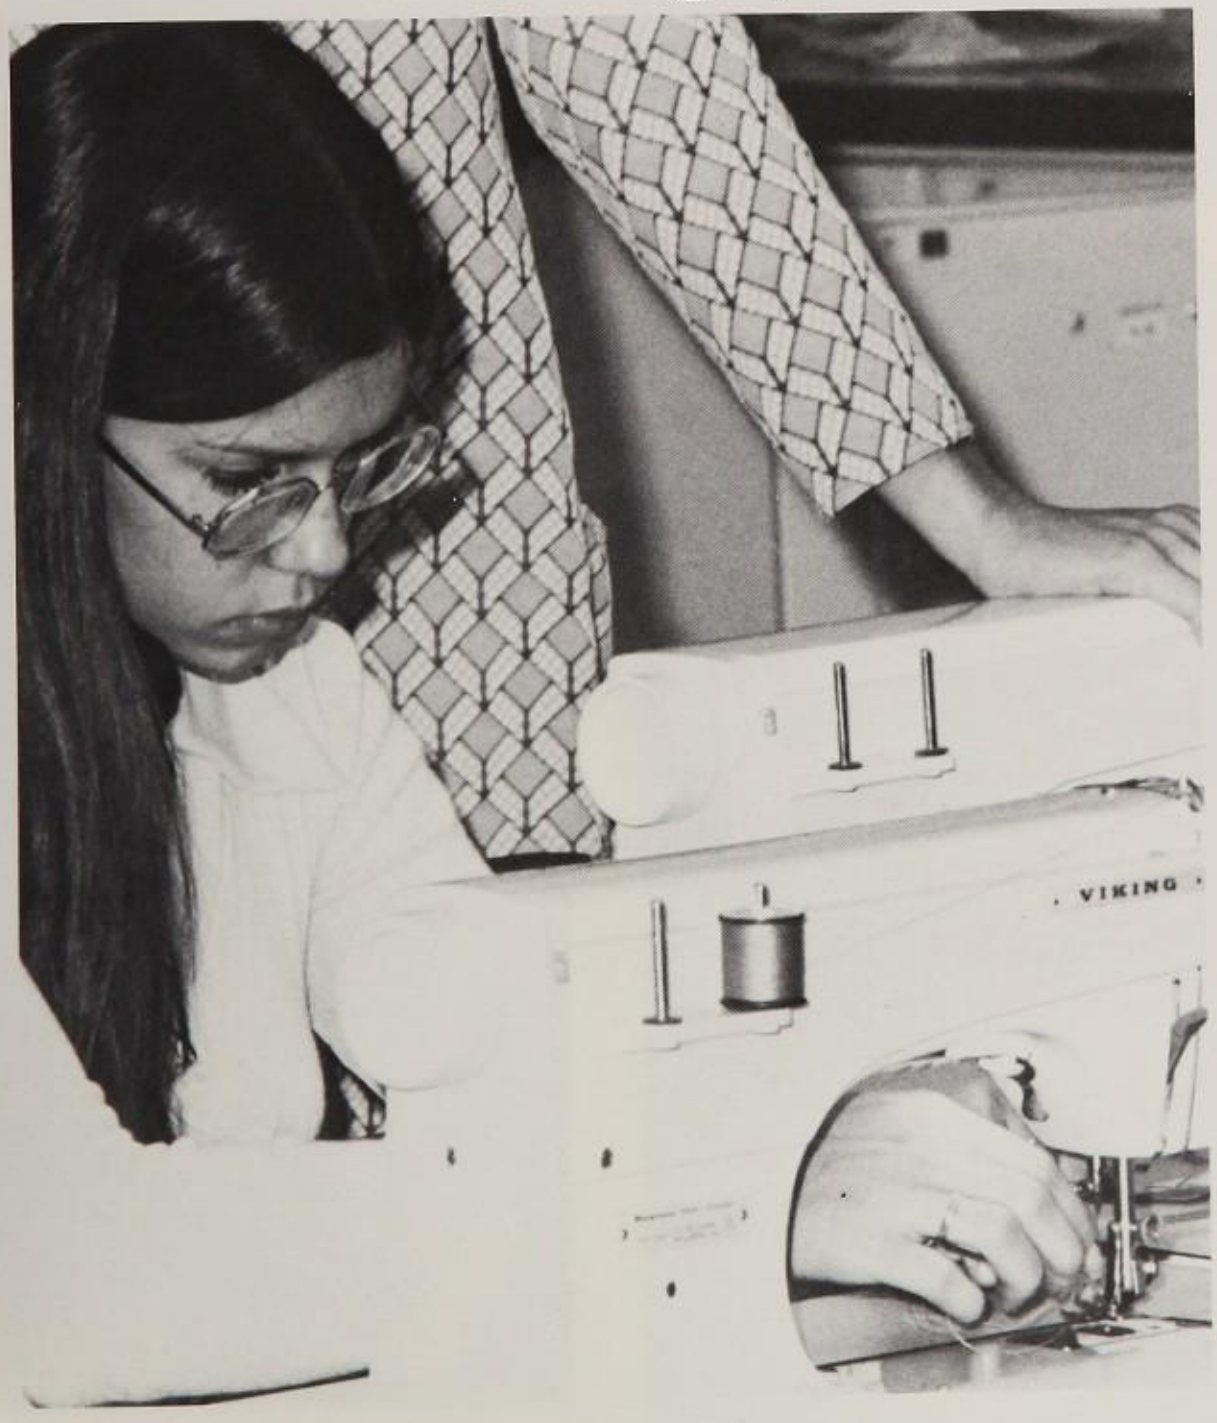
The Home Economics department offers classes in child development, sewing and tailoring, interior design, contemporary living and, of course, foods.

All of these classes are made up of both guys and girls. The girls have moved into the boys' auto shop so the guys have begun their seizure of the Home Ec. department.

1 2 3



4 5 6



1. Following a pattern is a confusing, tedious task as these students have learned. 2. More guys invaded Home Ec. classes this year and many found baking their first cake easier than girls made it appear. 3. A moment of fun and games is enjoyed by pre-schoolers in this year's child care class. 4. Patience is advised when separating an egg as Debbie Bennett cautiously follows her recipe. 5. Pat Farrell and friends look on as one boy demonstrates his artistic ability. 6. Threading a needle isn't as easy as it looks as this clothing student discovers.

Whining saws, whiffs of oil mean 'E' Bldg.

Anyone who walks down the hallway of "E" building knows the sounds and smells of the Industrial Arts Department.

From the classrooms the sounds of students working float into the hallways as do the smells of different kinds of glues, woods, and oils.

Thornridge's Industrial Arts Department helps students in their preparation for jobs in mechanics, carpentry, and architectural design.

Industrial Arts is open to girls as well as boys. The Home Mechanics class is especially popular with the female population of Thornridge.

The skills learned in the Industrial Arts Department can last throughout a person's life: if not as occupations themselves, then in the form of useful hobbies.

1. Razor sharp chisels are essential to almost any metal shop project. 2. Fred Chimino brushes the finish onto his wooden lamp base. 3. This wood shop student gradually shapes his bowl with a lathe which helps produce a smooth surface and accurate shape. 4. Two students work diligently in an effort to get a spark from the battery. 5. Exact measurements are necessary in making any kind of project in wood shop.

1. Mrs. Ryan uses pictures to illustrate the meaning of the German language. 2. The language lab teaches students correct pronunciation by having the students repeat after the tapes. 3. This language student listens attentively as her teacher recites the dialogue. 4. Films can assist students in learning the culture of a particular language. 5. Bernard Turin, a French Amity aide, assists a teacher by operating the carousel projector.

3

4

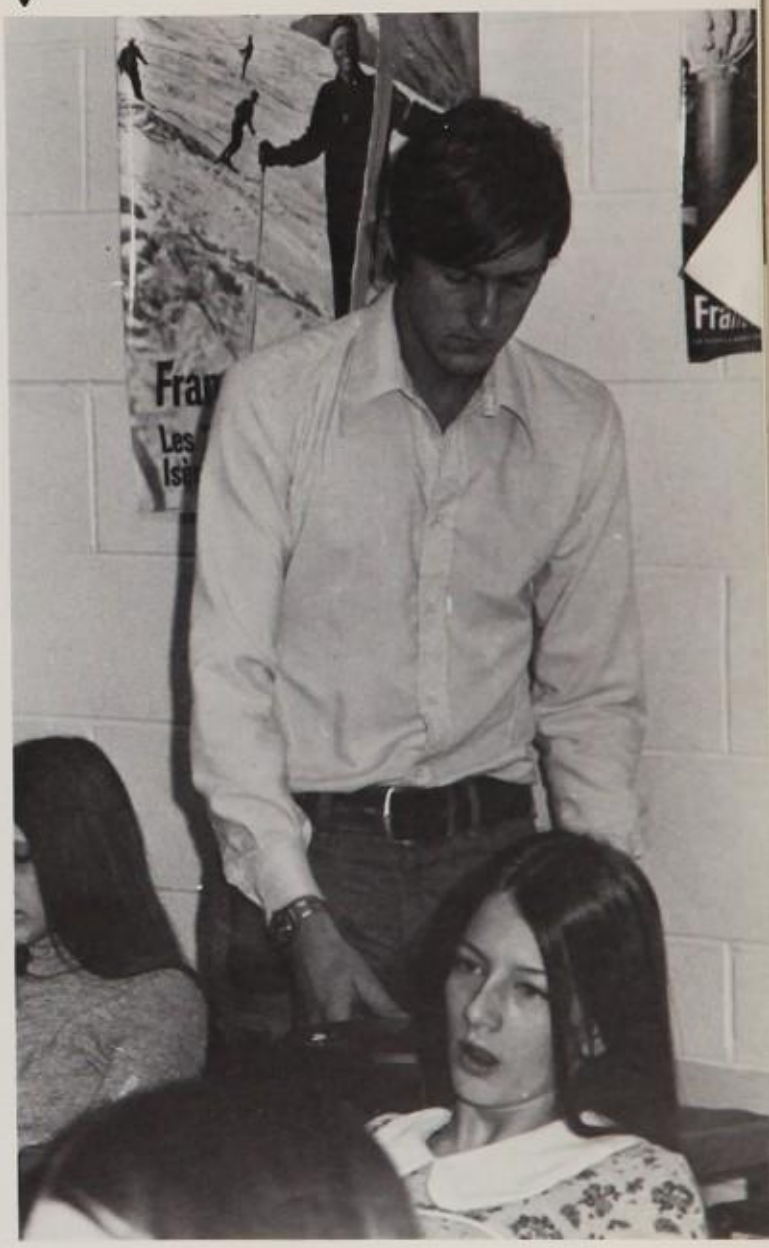
Amity aides make language live in class

Foreign Language is a key to locked-up cultural secrets. It offers students the chance to unlock new and different worlds. Reading books or actually "living the language" by sharing in foreign exchange programs offer students the chance to gain new knowledge.

Although Latin is not the widespread language it once was, it was brought alive at Thornridge. Latin I was reinstated in the class schedule after being dropped for a year because of a lack of teacher.

Students were also enriched with the presence of this year's Amity Aides from Spain, France, and Germany. Amity Aides assist teachers and lecture on the culture of their land.

5

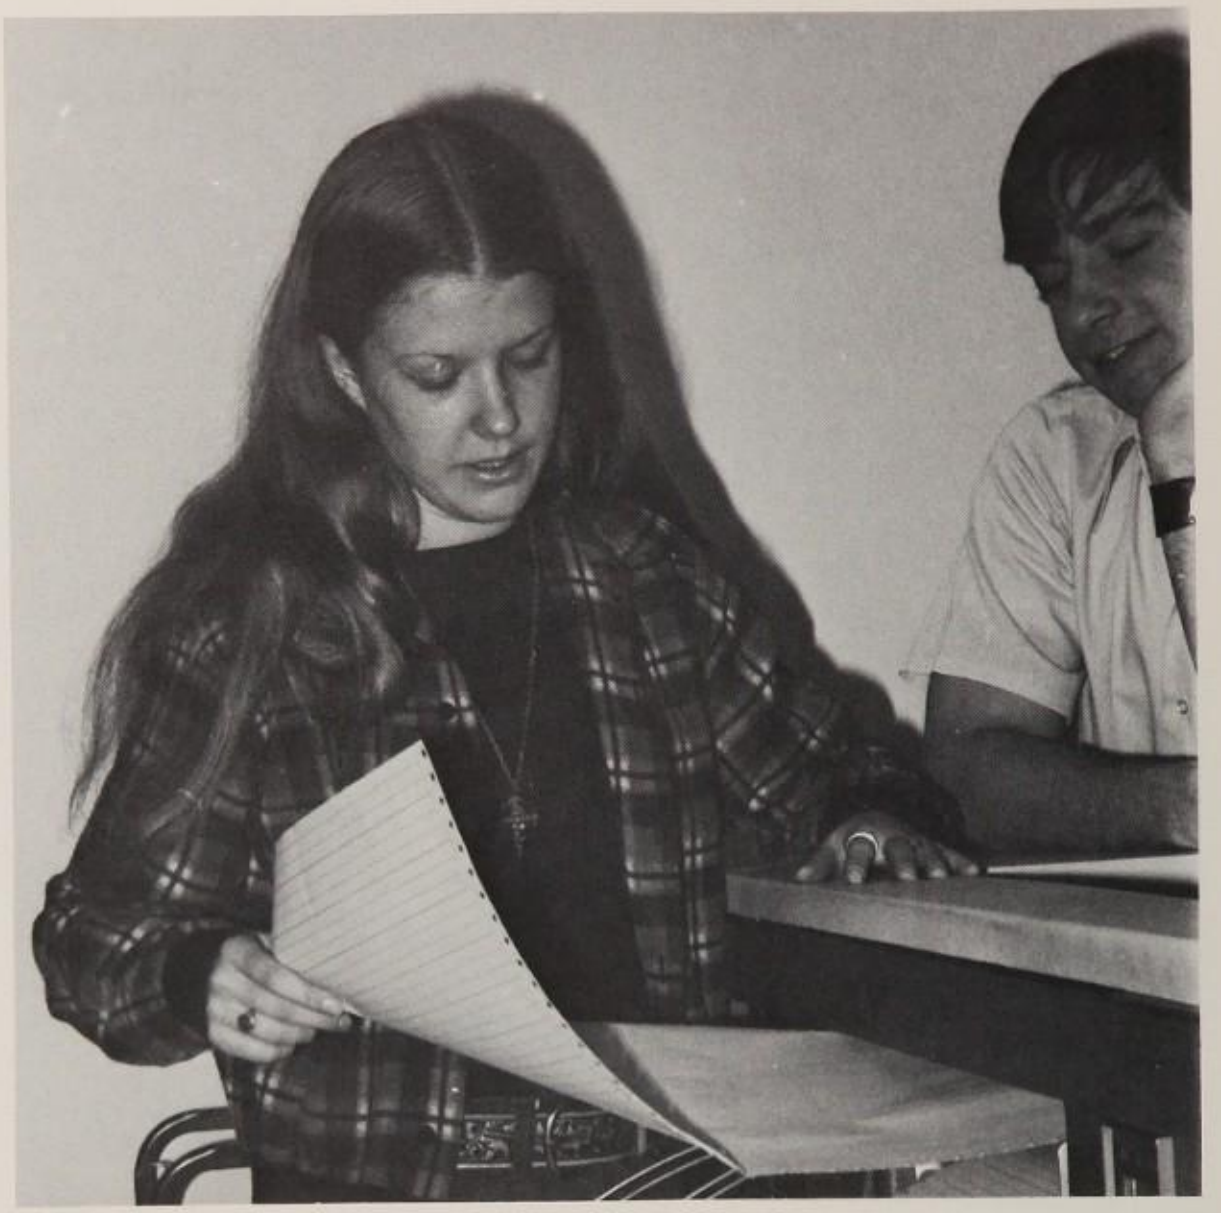


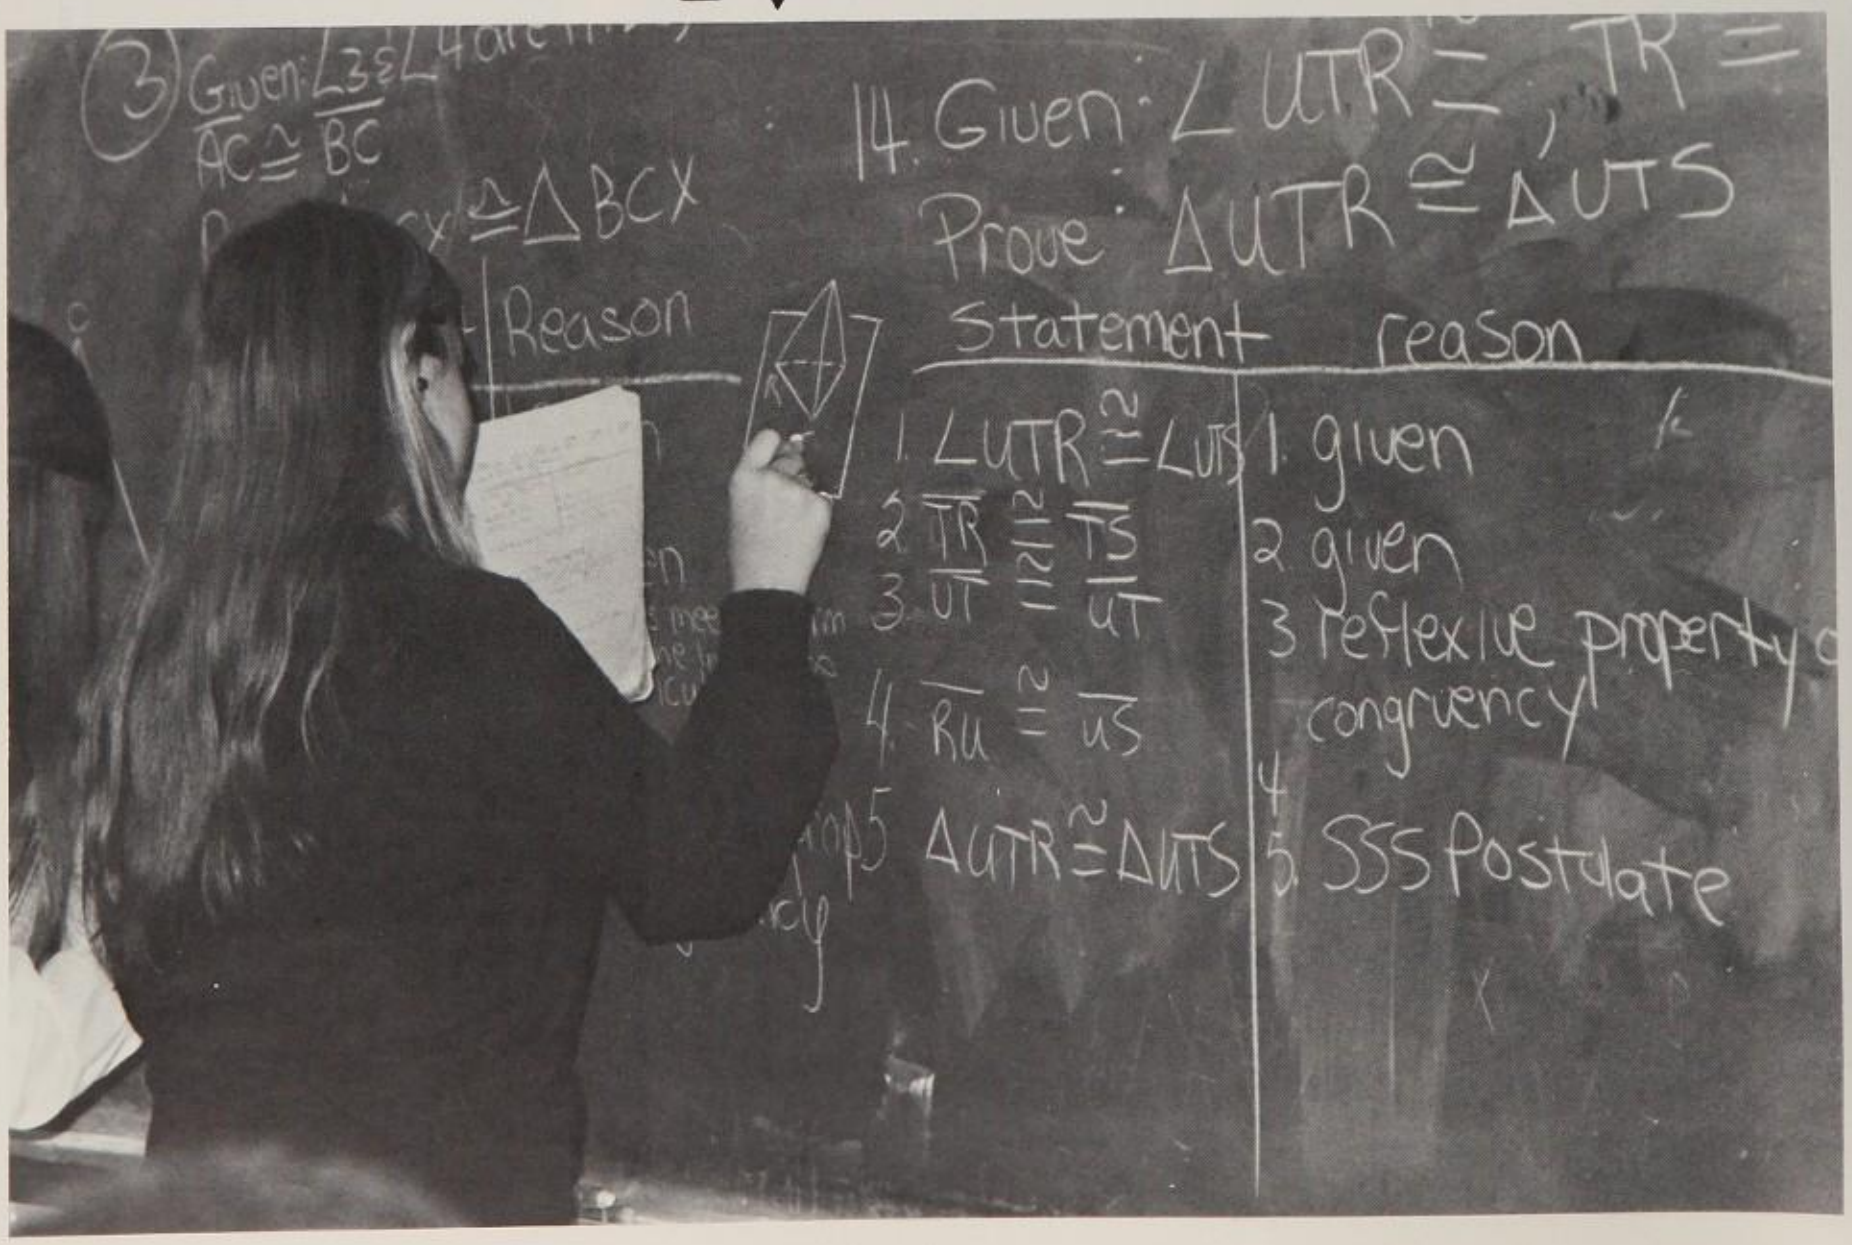
Math offers opportunity in technology

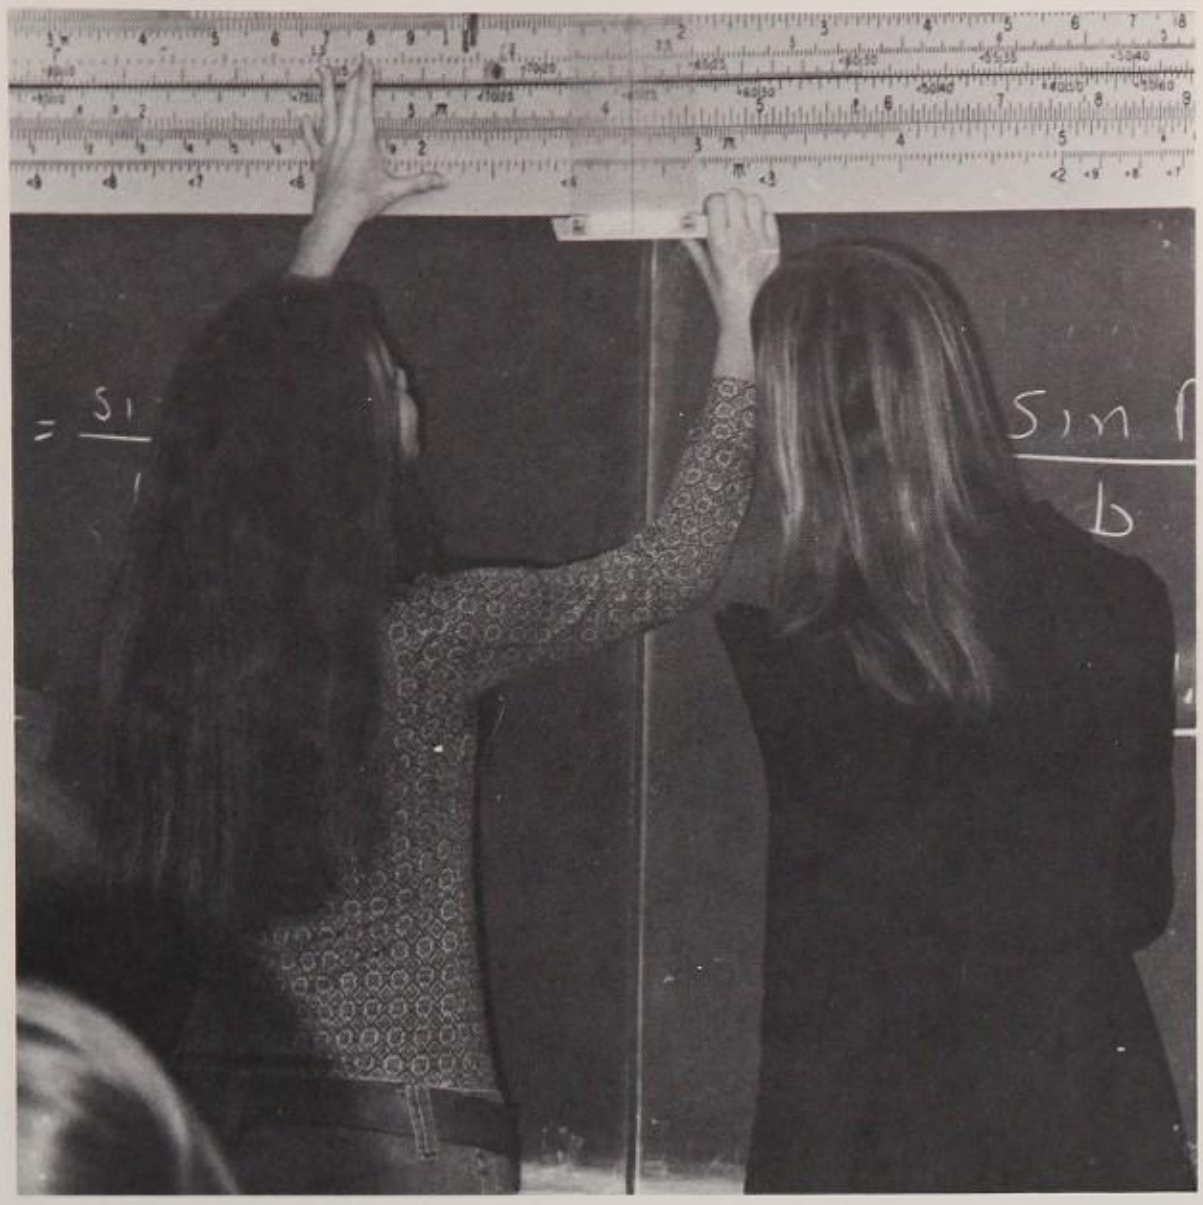
Today is an age when space exploration and advancements in research are being made daily. Today's students will become part of a more progressive society and the time to prepare in now.

The Math Department of Thornridge offers students the opportunity for this preparation from General Math to Pre-Calculus. In these classes students can graduate from a ruler to a slide rule to a computer.

One cannot tell much about the Math department by just walking down the hallways of "C" building. He has to become a part of it before he can really know.

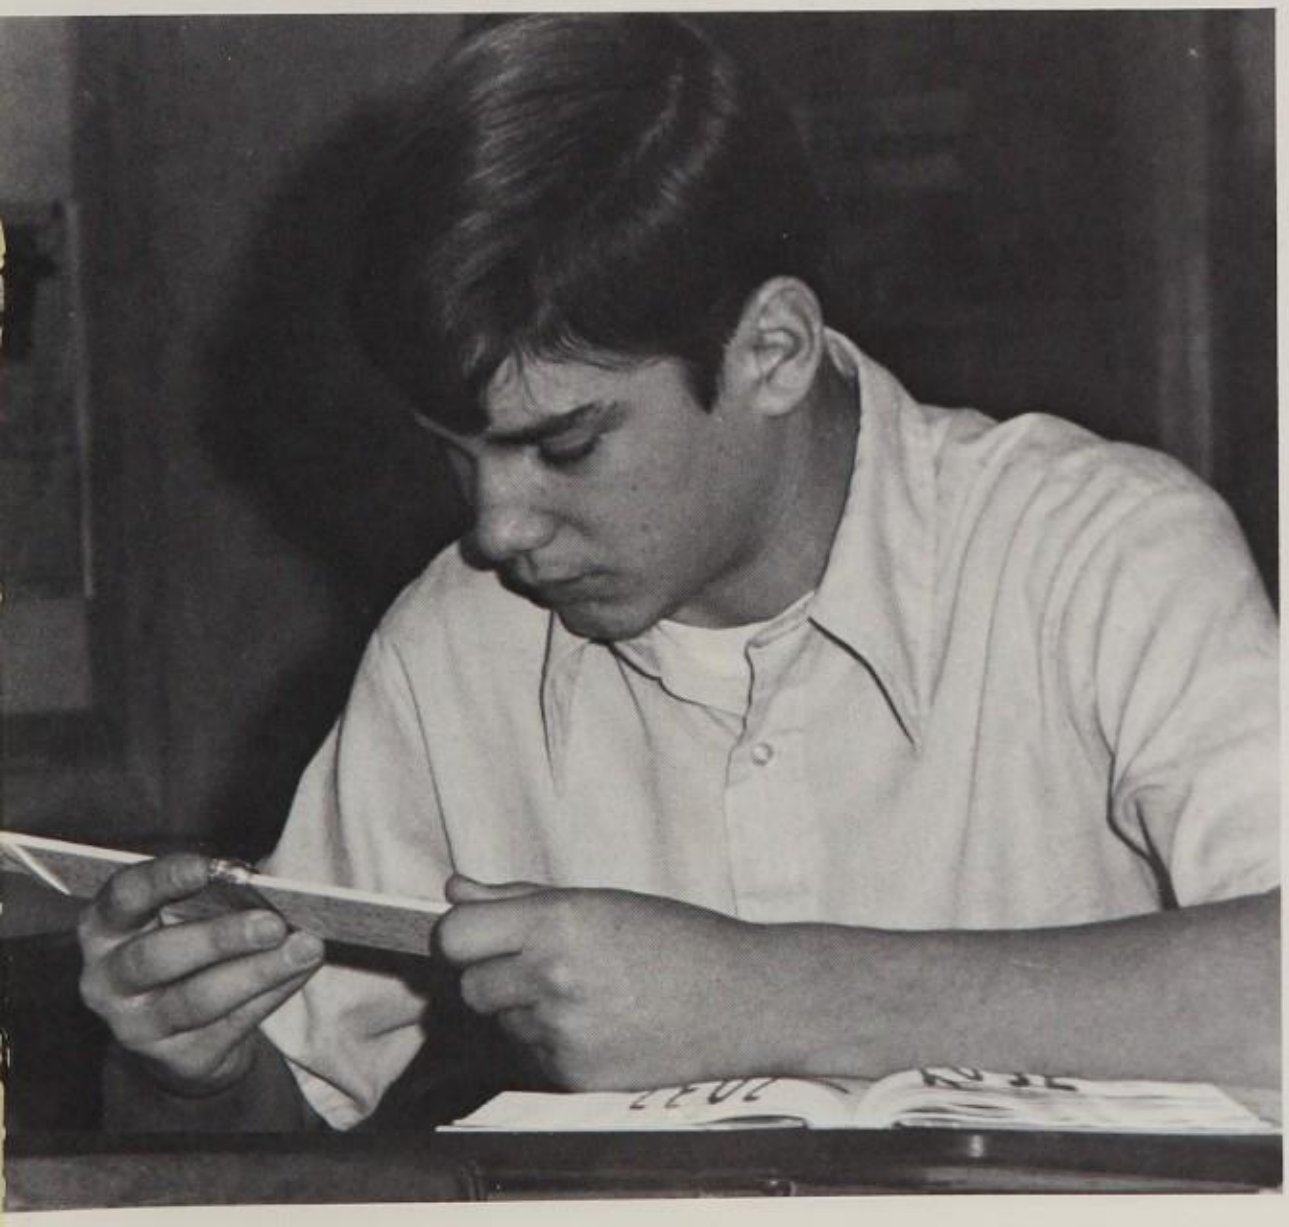






3 5

4



1. Ellen Keane and Paul Smith study their printout sheet in Computer Math. 2. To prove or not to prove is the Geometric question this student is trying to answer. 3. Though quite useful now, slide rules may become obsolete due to the popular mechanical calculators. 4. Duncan Marriott relaxes in the casual classroom atmosphere of his Geometry class. 5. Working out complicated equations often requires the use of a mathematical tool.

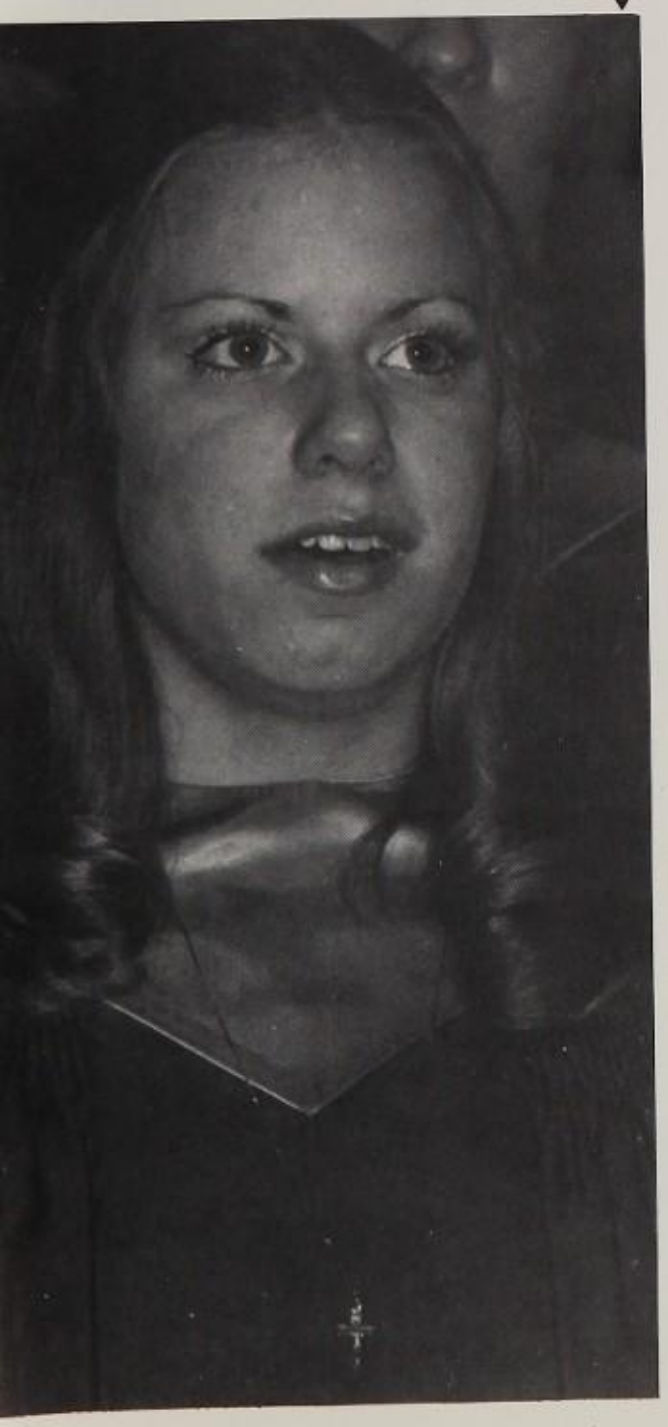
Melodies float pleasantly from inside A Building

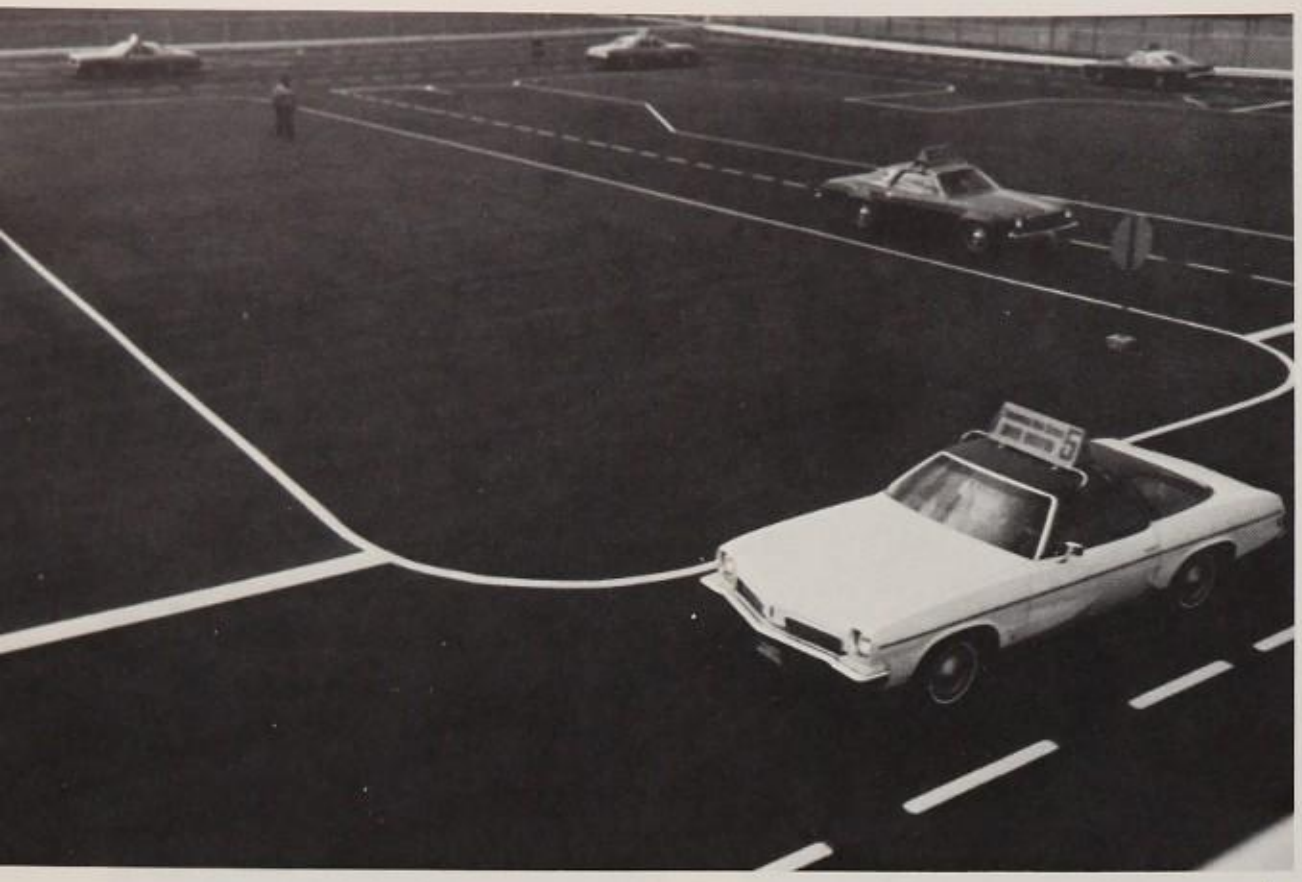
From the echoes of A-Building a pleasing sound can be heard. The Music Department has brightened Thornridge many times with the various melodies of the bands and choirs. Harmony between the different sections of a choir or band is essential to create pleasurable musical pieces.

The Music Department begins by teaching the basic steps of music. As talent and self-confidence build, a student advances to the more experienced groups.

Thornridge's musical talent is also enjoyed by the public through the numerous performances outside as well as inside the school.

1. The Junior Varsity Band provides students with the necessary experience to become a member of the Varsity Band. **2.** The soprano and alto voices of the girls glee rang through the hall of trees at the Museum of Science and Industry at Christmastime. **3.** After much practice and rehearsal Sophomore Mixed donned their robes for performance. **4.** Bill DeYoung accompanies the girls glee at the hall of trees. **5.** Robin Kinsey and the other members of Chorale patiently wait for the next song to begin. **6.** The voices of Felicia Burton, Barbara Rust, and Adriane Barber combine harmoniously into a Christmas Carol.



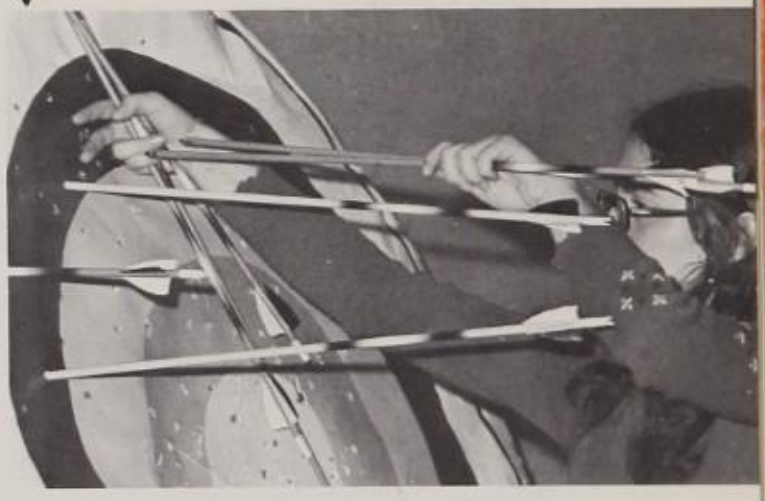


Girls choose own sports now

Whether to be a swimming champion or a gymnastics marvel is a choice students can make themselves this year. In addition to the new scheduling procedures, the Girls P.E. Department has a new chairman, Mrs. M. Bauer.

Life time skills have become an important goal of both Girls and Boys P.E. Departments. Bowling, weight training, golf and tennis are only a few of the skills taught that can follow a person through life.

Change has also hit the Boys P.E. Department with the outlawing of Bombardment, a game previously enjoyed by the boys every Friday.

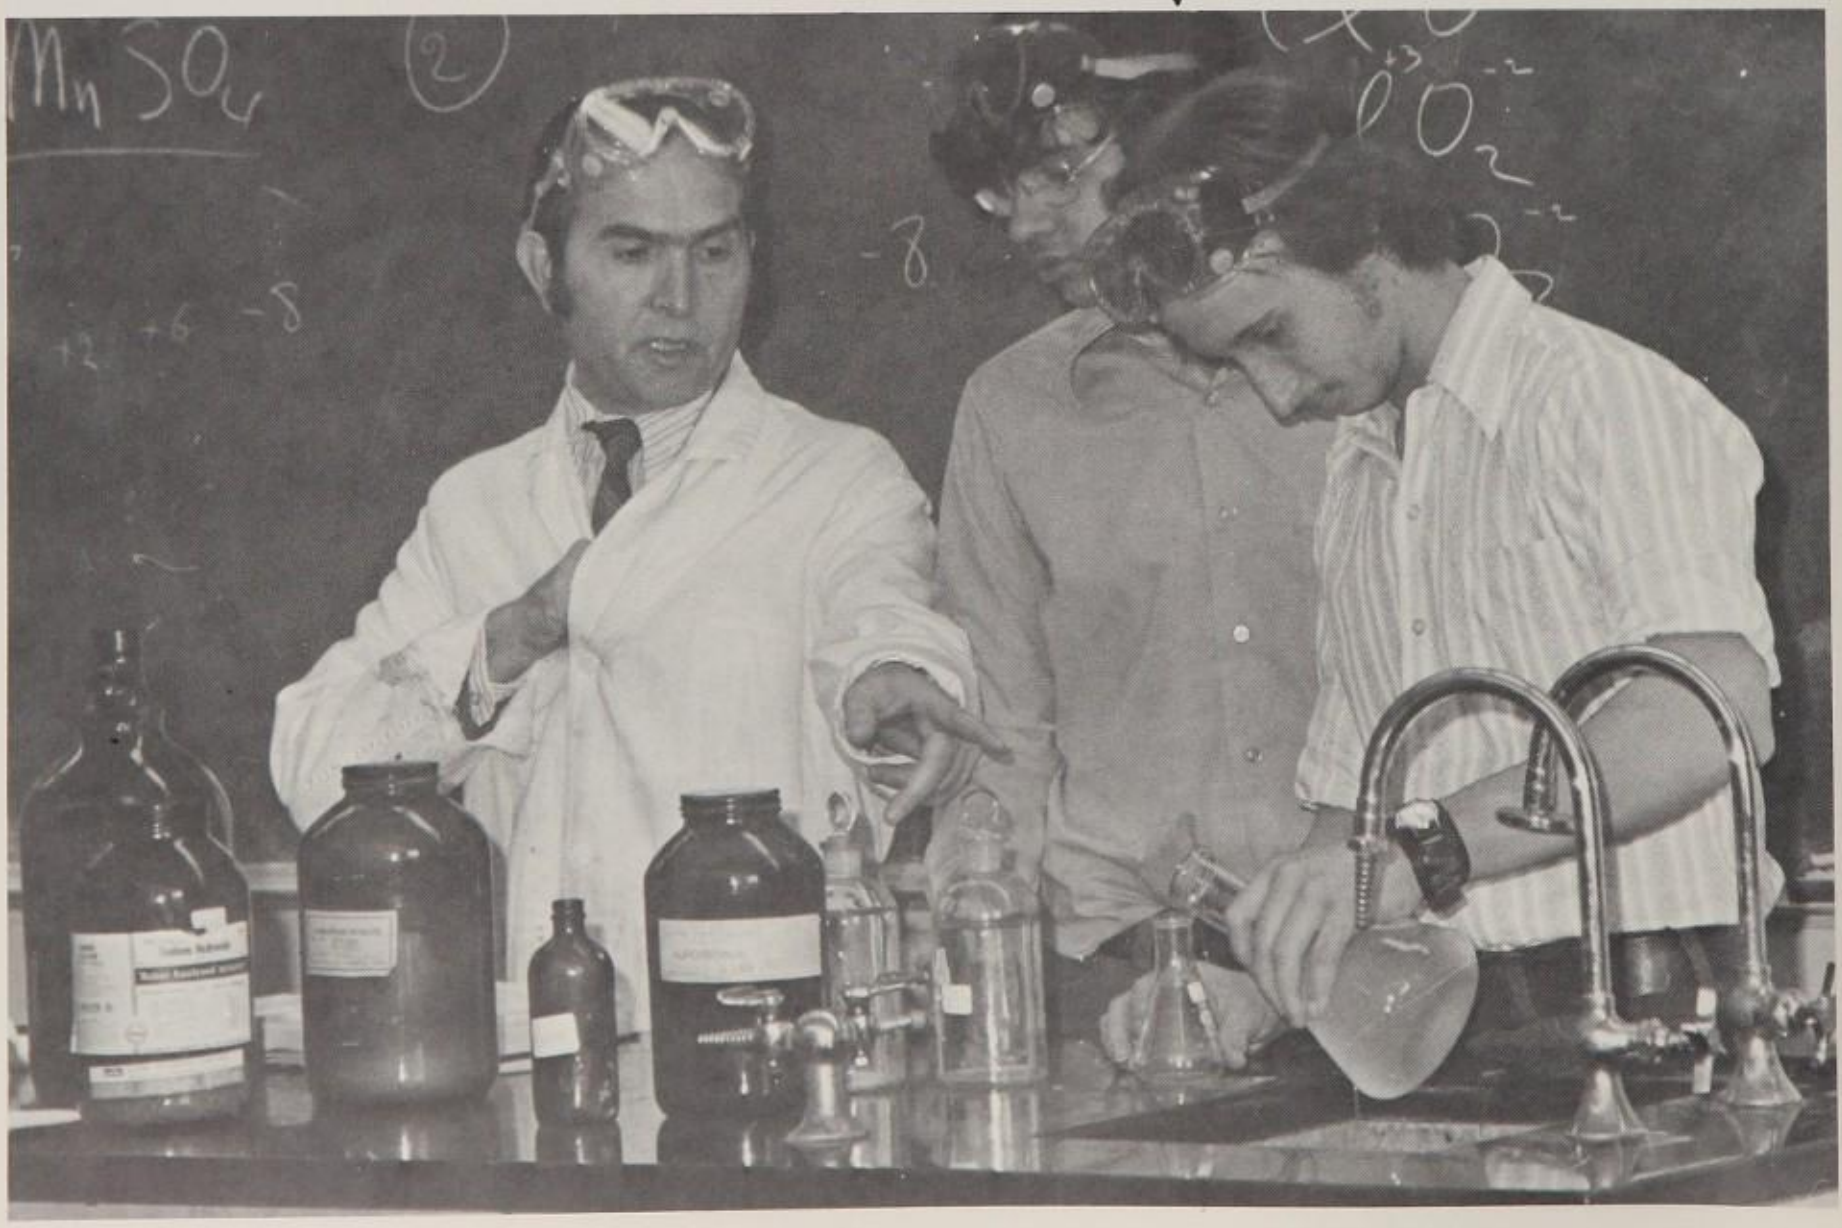


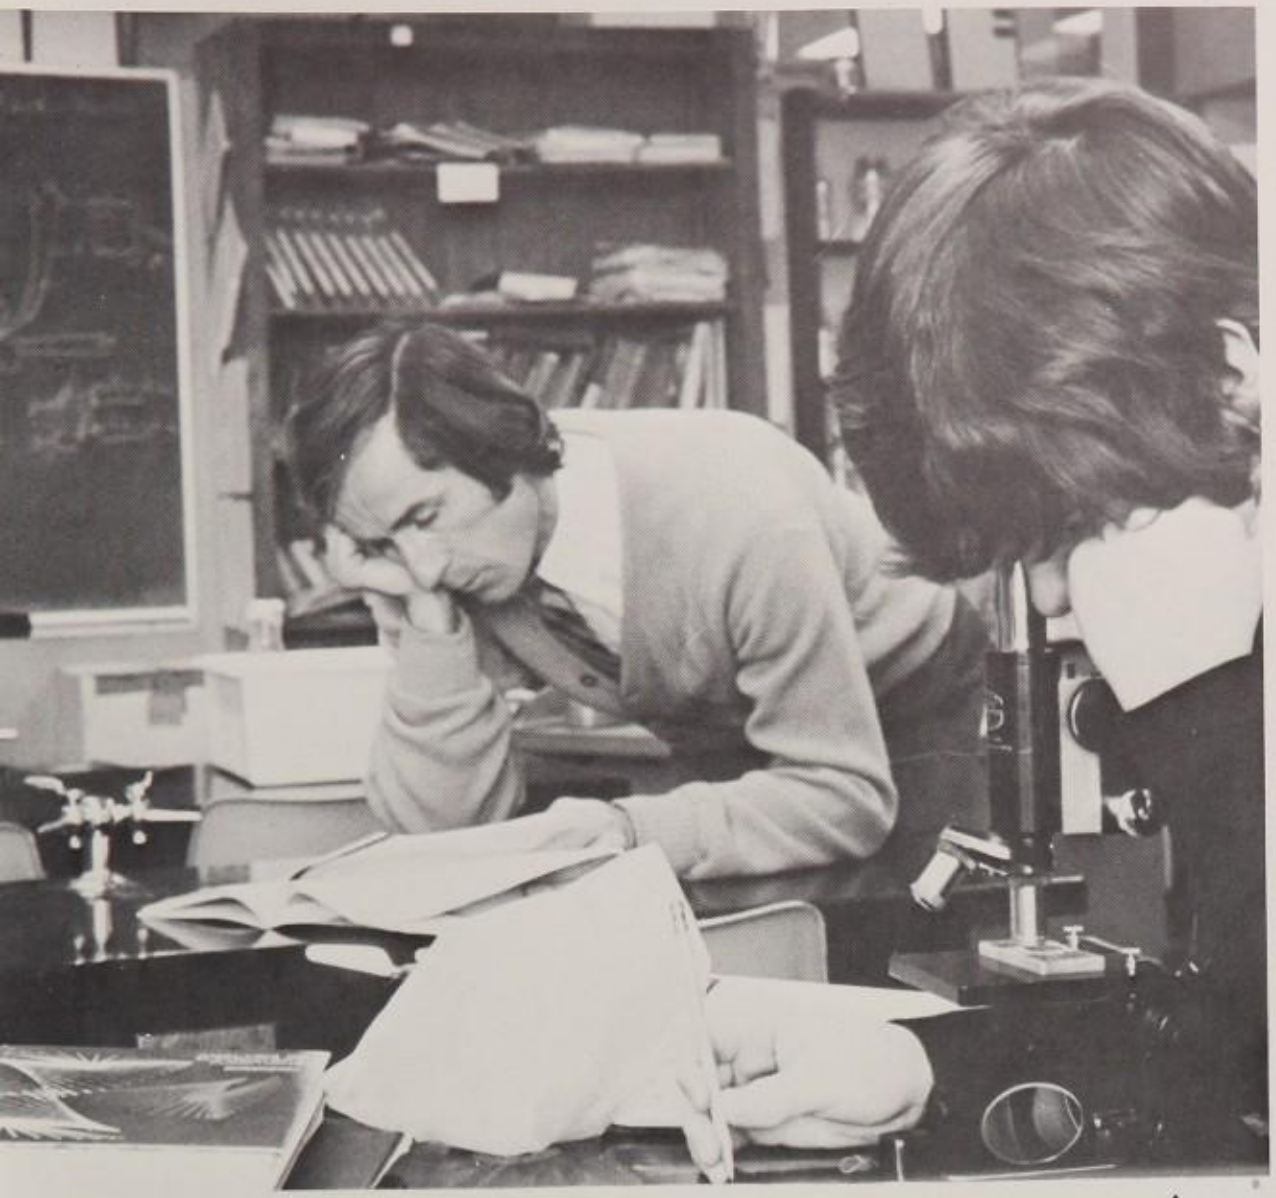
1. The driving range prepares prospective drivers for the road. **2.** The simulator requires the student to be alert at all times. **3.** The graceful movements of hockey are demonstrated by these students. **4.** Jean Sabo enjoys a moment of laughter while participating in a routine football drill. **5.** This student mentally records her score while removing her arrows.

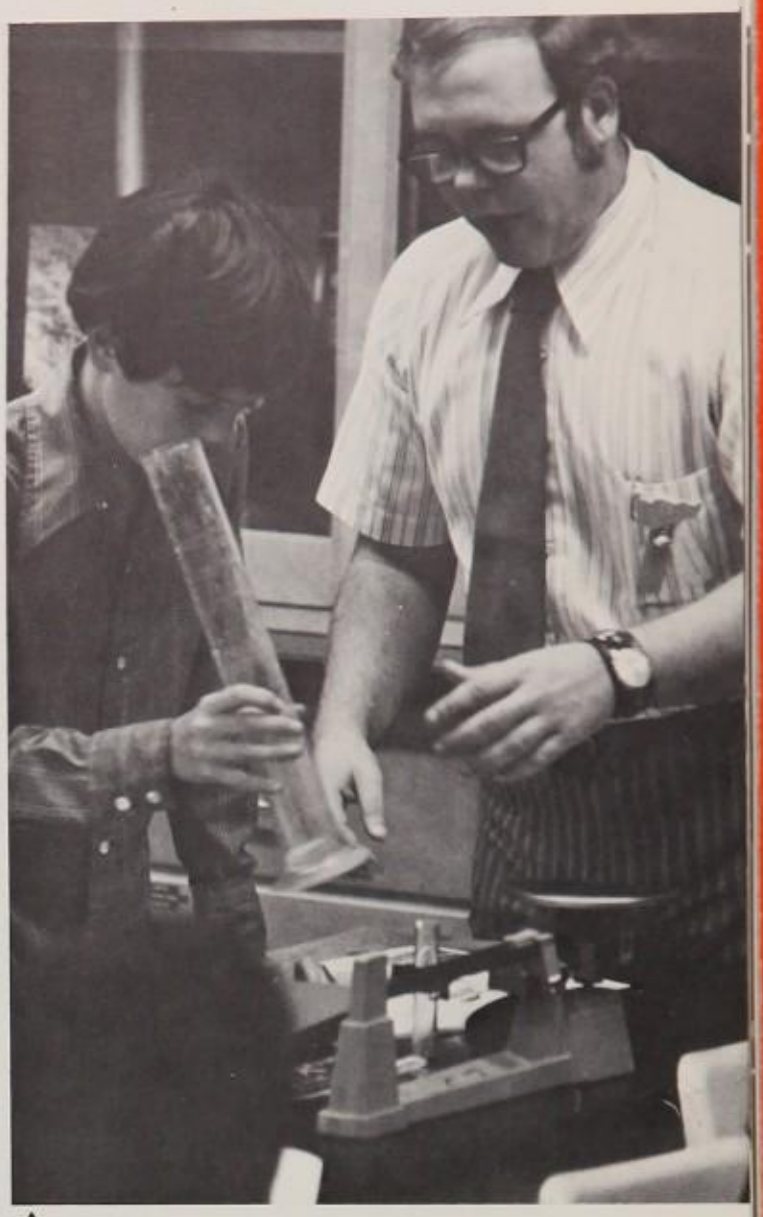
Formaldehyde and dissections mean D Bldg.

While walking down the hallway in upstairs D Building, students become conscious of the smells of formaldehyde and the chemicals used in the chemistry classes. Inside the classrooms students and teachers observe cells and other organisms under the eye of a microscope. In chemistry classes students cautiously mix chemicals and observe and record any changes. While all of this goes on, there are students dissecting and describing laboratory animals.

All of these things provide the student with the necessary background to become a scientist, doctor, or even a teacher.







3 4 5

1. To acquire the correct results from an experiment takes concentration, time, and effort. 2. Mr. Kollintzas supervises, as Michael Lapetina and Jesse Salas work cautiously with hazardous chemicals. 3. With the aid of a microscope this student witnesses the growth of yeast cells. 4. Guidance is given by Mr. Lazaroff as a student gathers the data from a lab. 5. The balance is of major importance in getting the accurate amount of chemicals for an experiment.

Gayle,
It was nice to have met you this year. Good Luck in future years and take care.

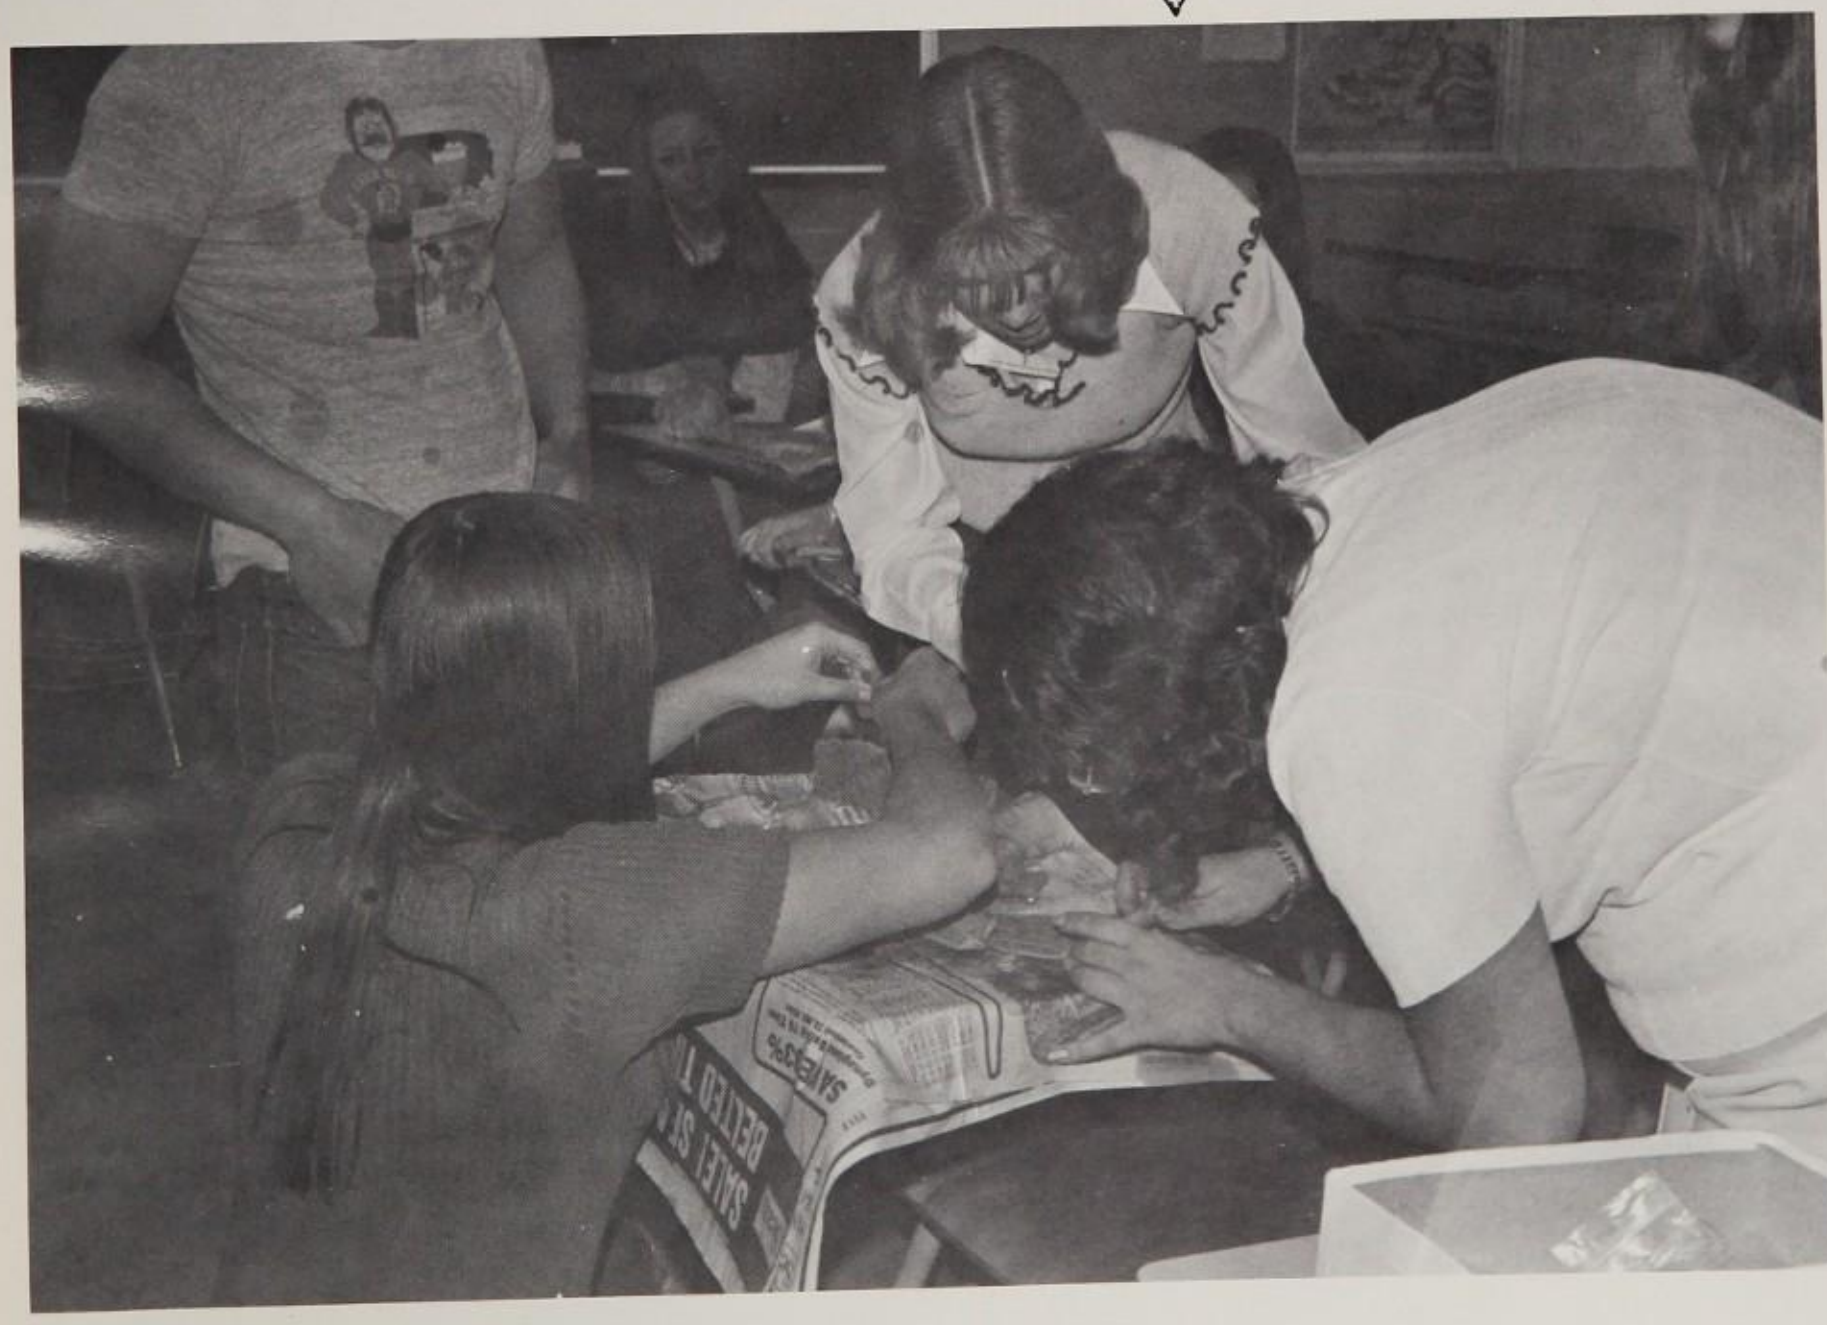
1. JoAnn Kalinowski finds the text reading from her AC&C class to be very amusing. 2. Students from Mr. Valiska's Cultural Anthropology class used the field behind the gyms as the site for their dig. 3. These students worked on group projects in their AC&C class. Each group built a tower to show their creativity. 4. This group of students works diligently to piece together the artifacts the other group from their anthropology class made and then buried for them. The project brought much publicity to the school.

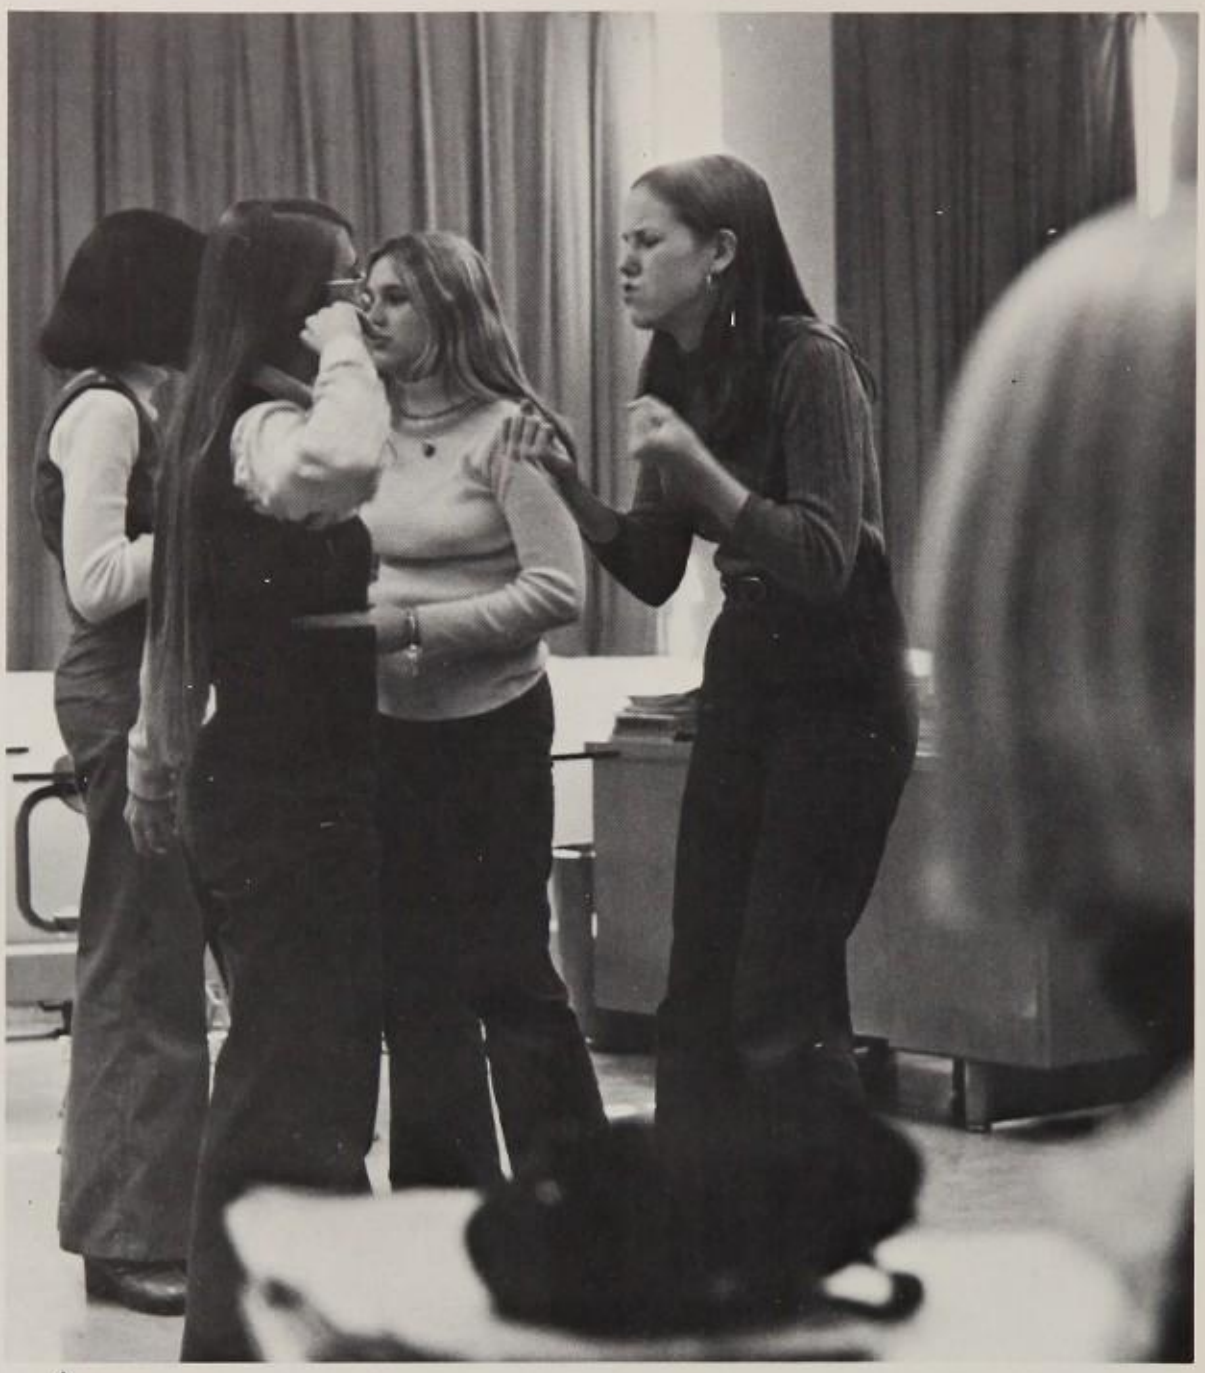
Anthropology new this year in Social Studies

Versatility is quite evident in Thornridge's Social Studies Department. A student may pursue many different courses that will add to his personal enrichment.

The social sciences provide a person with knowledge he will need in later life as well as in the present. Concepts of law, other cultures, and a basic understanding of people and society are only a few of the things a student can get from the Social Studies Department.

Anthropology is a new addition to Thornridge. Physical work as well as mental work is needed for this class.





1. By video-taping basketball games and other school activities, the Radio/TV class learn the fundamentals of modern communication. **2.** Facial expression is an important part of acting as Julie Croteau demonstrates. **3.** Time passes slowly as Ted Levrich and Jennifer Holt await their turn to perform. **4.** Students test their talents before members of the class. **5.** Mr. Sweeney assists students in staining the set for the contest play.

Anxiety turns to confidence

Proper stance, voice volume, gestures and eye contact are just a few of the things taught to students in Speech I. With all this experience and knowledge behind them, freshman students are qualified to take Speech II.

Thornridge's Speech Department is located in upstairs B Building. From the classrooms come the jittery, nervous voices of students in their Speech I classes and the more confident, controlled voices of students in Speech II and Stagecraft, Theatre Arts and Radio-TV Production.

Besides just giving speeches, students also have the opportunity to display their acting abilities. Theatre Arts class presents a children's play once a year. Students in Radio-TV Production class film themselves doing commercials and provide us with closed circuit coverage of certain sports events.

IDEA gives recognition to Thornridge

During Oct. 9-12, many teachers and students were involved in making a motion picture, produced by the Institute for Development of Educational Activities.

This film was made to help teaching staffs make education more appropriate for the learner.

TR was chosen as a filming site because of its reputation. Scheduled for spring release, the film will be shown nationally.

M. L. King and Congress were assembly topics

The Martin Luther King Assembly was held by PUBS on Jan. 11, 1974, to commemorate the birthday of this leader. Mr. L. Palmer, a journalist, gave a speech on the plight of the black student. A reading of King's speech, "I Have A Dream," was presented by a PUBS member.

Rep. Hanrahan visited TR on Feb. 1, 1974, to acquaint students with his views and issues of the day. He was asked questions pertaining to the energy crisis, gas rationing, national defense, and a possible impeachment of the President.

Char, Mike reign over Homecoming

"Something Scottish" set the mood for TR's Homecoming Dance, October 13, 1973. Many couples were greeted by a Loch Ness Monster and decorations providing a Scottish atmosphere. After an evening of dancing and picture taking, each couple left and went to enjoy their favorite restaurant.

Dads prove to be kings at Playnite

Girls had the opportunity to entertain their dads at Girls Club playnite, "A Night With the King," held Oct. 5 in the gym. The girls competed against their fathers in such games as volleyball, basketball and cageball. Tug-of-war between all four classes ranked freshmen fathers number one. The fathers also participated in a dance contest and later served refreshments.

3. During an enthusiastic game of ping-pong, this father dominates the table. 4. Mr. Brinkmeyer starts the game of badminton with a serve. 5. Terry Vanheel and her dad sing a duet as the night comes to an end.

Indian saga lives again on TR stage

Thornridge's stage came alive on November 16 and 17 with the fall production "Indians."

The play was a combination wild west show and western historical saga. It illustrated broken treaties, the destruction of the buffalo, and the Indian moving into the white society. Popular characters were Buffalo Bill, Sitting Bull, and Annie Oakley.

Directing a cast of 40 was Mr. John Hardin. Students directors were Paddi Wilson and Roger Lane.

The play was said to have brought the audiences face to face with their history.

After many weeks of rehearsals, Indians proved to be a success for TR's Theatre Guild.

Fantasies suit teens, youths

The "Clown Prince of Wanderlust" was presented by Mrs. Sweeney's fourth period theatre arts class to appreciative students from neighboring grade schools.

The story takes place in the Candy Kingdom of Southeastern Wanderlust. It deals with its subjects' madcap efforts to induce their princess, Rose-Violet, to laugh. If she did not laugh by sundown, she would be forced to marry the evil Grand Bunkleman. All seems hopeless when Juan of Evergreen arrives to make the princess laugh.

For their spring production, Theatre Guild chose the longest running off-broadway play, "The Fantasticks." It was the first play in the history of the TR stage that was executed totally in front of closed curtains on a platform and ramps.

The play, under the direction of Mrs. Sweeney, was a fantasy of human nature. The two fathers used reverse psychology in hopes their children would marry.

Five weeks of rehearsals by the cast and crews resulted in two performances, April 13 and 14.

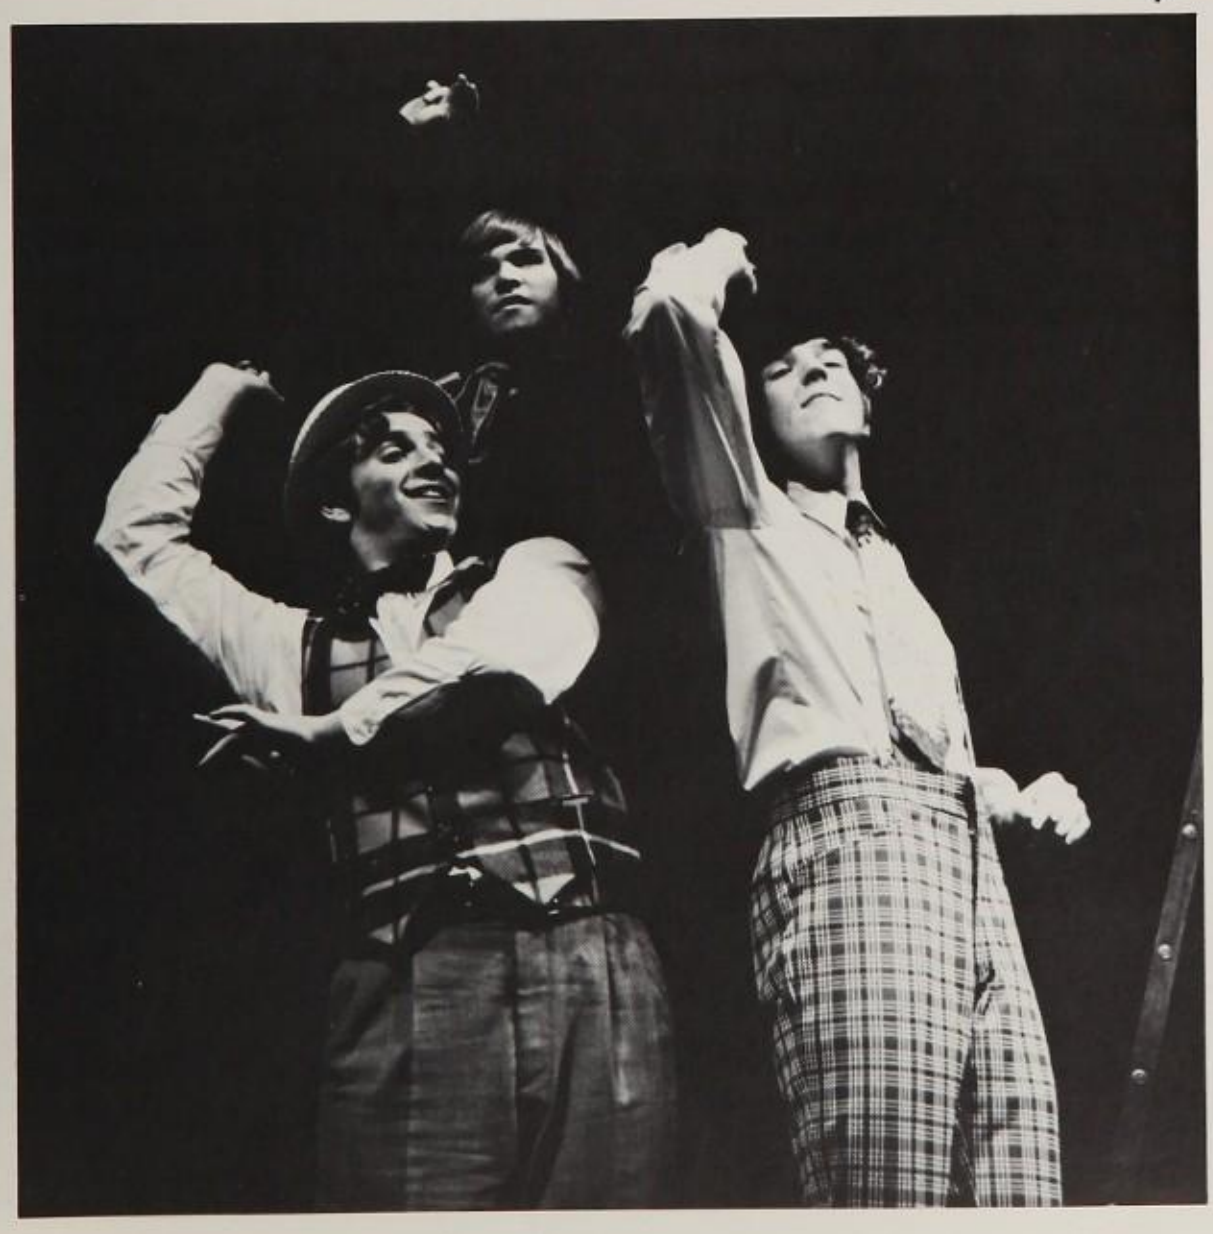
Marlene Gowan, Rich Wrede, Margaret Vandermyde, Bill Weinberger and Rich Unterberg use imaginative scenery in this act. 5. Ted Levrich, Bill Weinberger, and Matt Piecinski portray and sing "It Depends on What You Pay." 6. Luisa, Margaret Vandermyde, and Matt, Rich Unterberg, sing one of their many musical numbers together.



Booster Club holds annual donkey game

Booster Club is one of the main fund-raising organizations of Thornridge. Mr. Gorski, president, is in charge of all their activities. Films taken by Booster Club of football and basketball games are shown during their meetings on Tuesday nights in F206.

Spring, Fall, and Winter Award Nights for all TR athletes are another one of their tasks. Their Donkey Basketball Game was on April 6.

1. Time out is called as Linda VanKat reassures her donkey's stability. **2.** Mr. Bush determinedly mounts his donkey as the men teachers lost an exciting game to the student girls. **3.** Mary Ellen Foresta tries her luck and as a result scores two points.

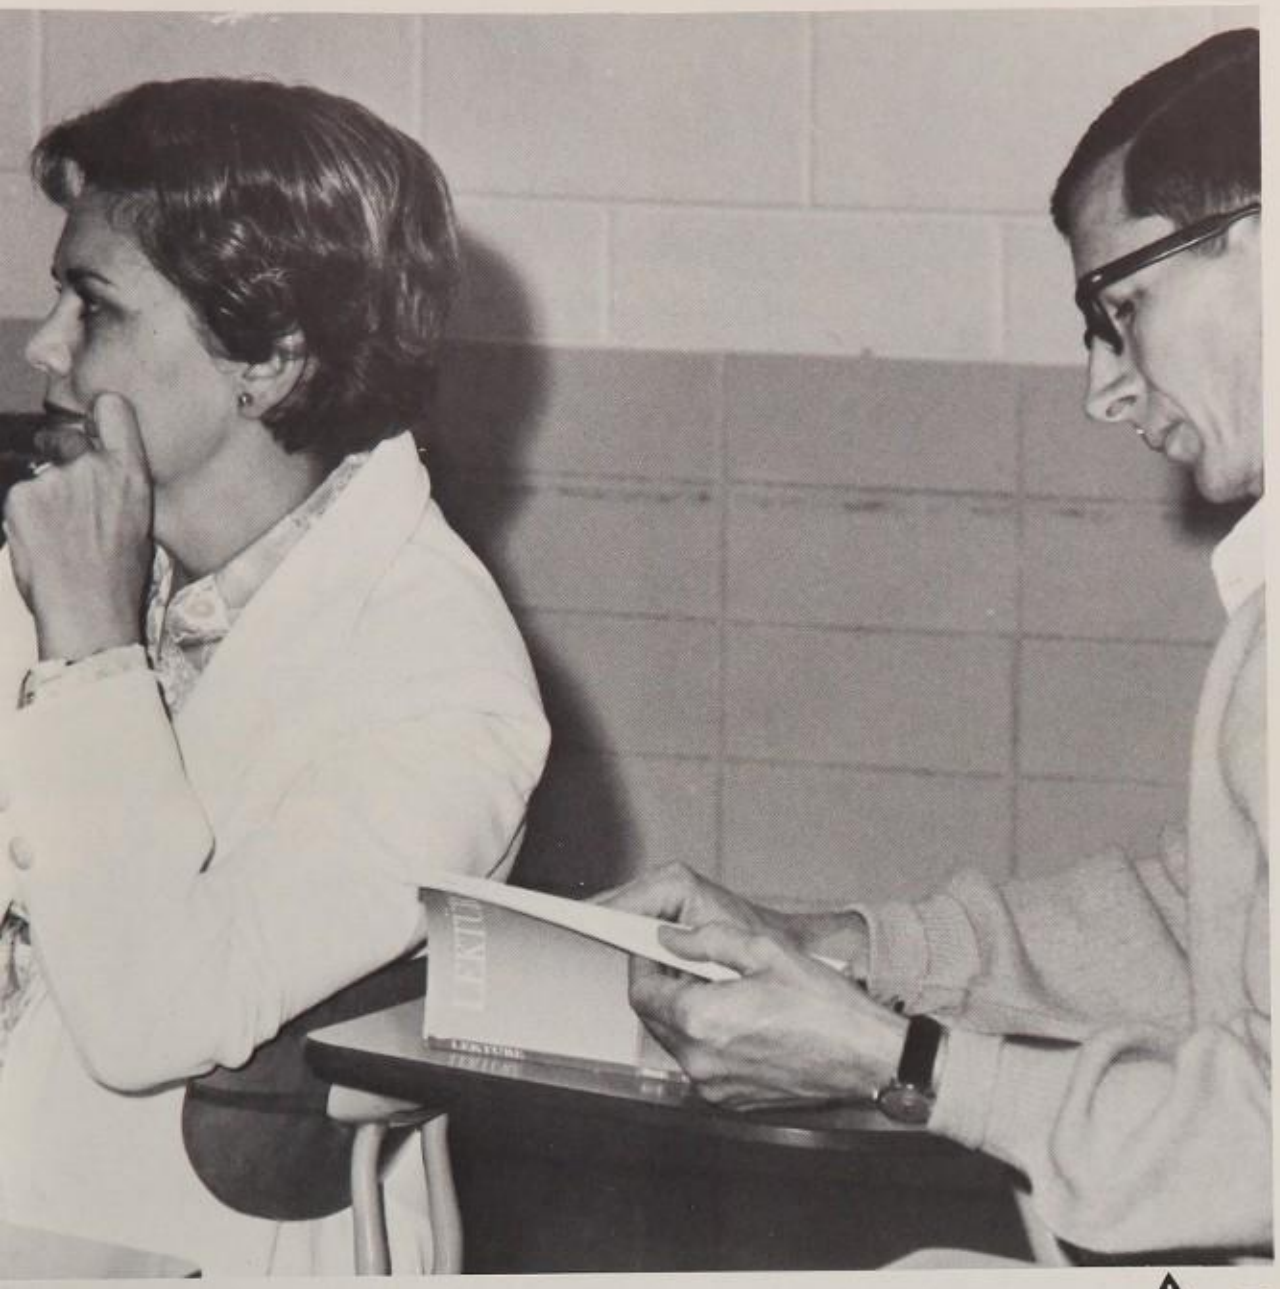
Parents enjoy talk and walk at PTA Night

If on Oct. 15, you saw a number of parents running up and down the halls with schedules in hand, asking questions as to where a room is, then this was T'Ridge's P&TA Night.

P&TA Night gives all parents the opportunity to visit the classes and meet the teachers of their sons and daughters.

The purpose of this organization is to give parents a voice in what happens here at Thornridge.

1. One parent of a French student listens carefully as another examines their textbook. 2. Miss Martynowicz is questioned by parents of English classes. 3. FTA was responsible for hall guides as this member hands out directions to a confused mother.



Choirs' 'Haste' well-received

The public's anticipation of another fine Christmas concert was met at 2 and 8 p.m. on December 16, when Thornridge choirs sang this annual concert.

"They Came With Haste," this year's central theme, told the story of Christ's birth.

Among the performing groups were Freshman Girls Glee, Freshman Mixed, Sophomore Mixed, Girls Glee, Chorale, and the Madrigals. They sang a variety of Christmas carols, which the audience seemed to enjoy.

Exhibiting not only their singing ability but their artistic ability as well, Chorale members spread Christmas cheer by decorating the auditorium and breezeway.

The directors, Miss Karen Kennicutt and Mr. Lamar Runestad, put forth many hours of hard work to make this a successful concert.

Mrs. Nemitz, of the art department, designed the stage decorations.

The audience felt this was something that brought out the Christmas spirit in all.

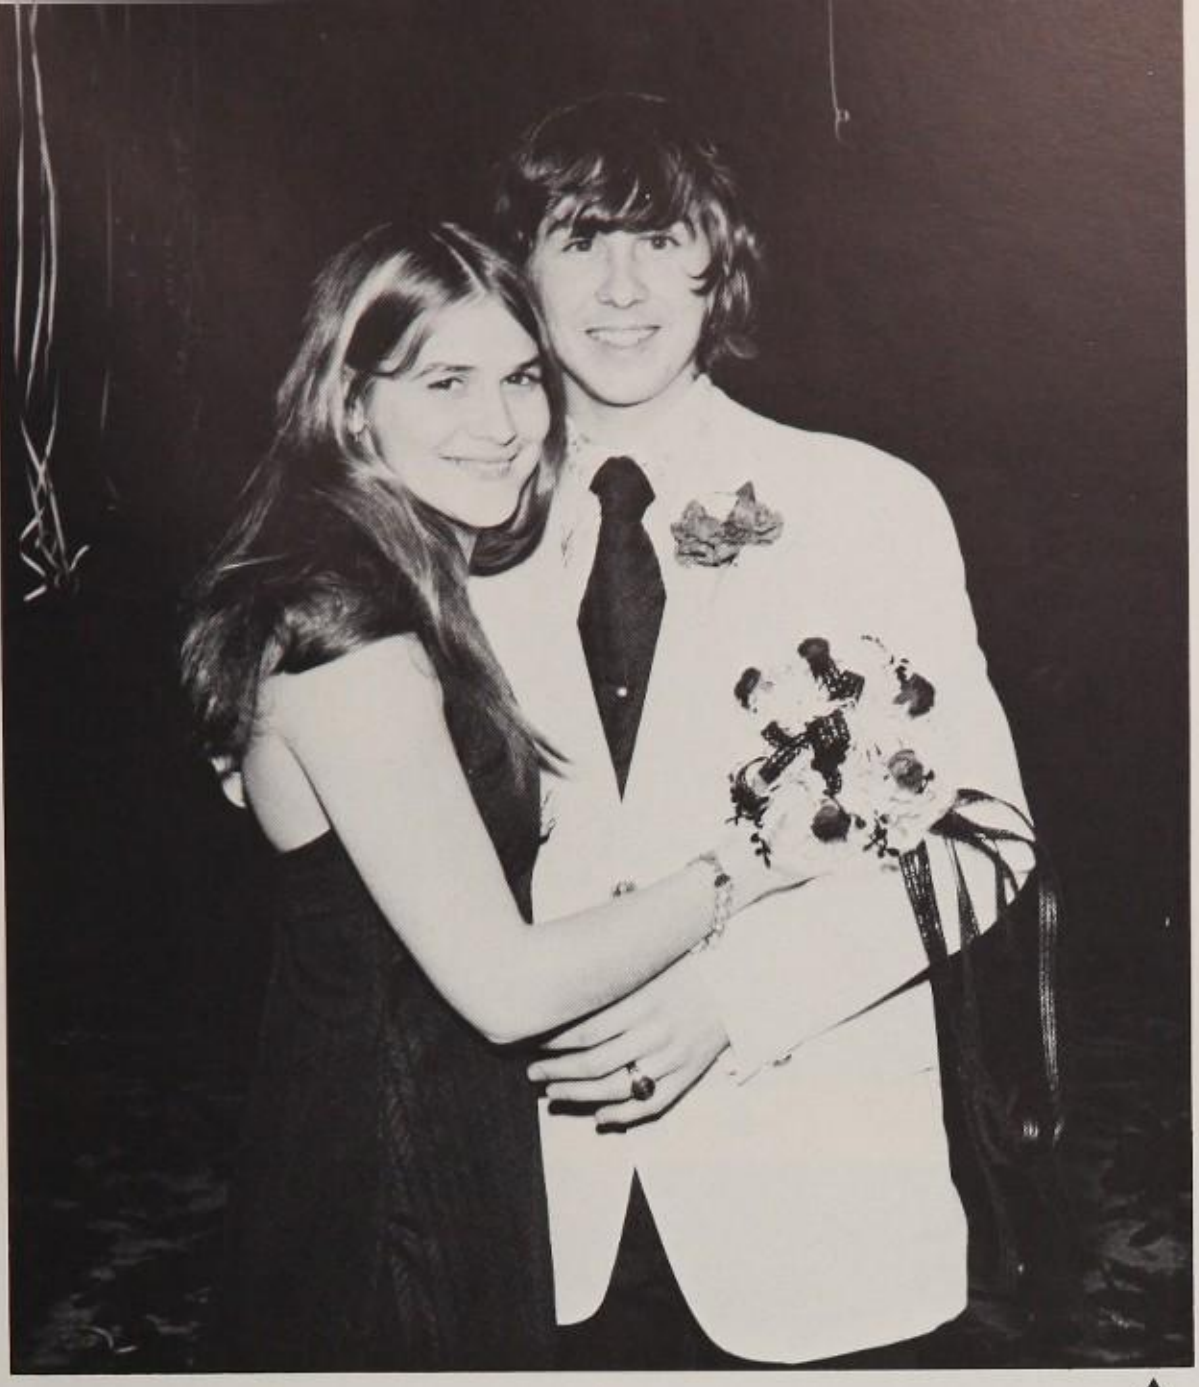
'Mardi Gras' makes gym New Orleans

The excitement of the Girls Club dance was all centered around Mardi Gras. On March 3, 1973, all entered a gymnasium transformed into the streets of New Orleans, filled with streamers, balloons and painted windows. The couples danced to the music of the Tom Fenton Orchestra.

A history of Mardi Gras was recited by Mistress of Ceremonies Terri Madigan. Mistress Terri and Master Todd Oberg introduced both junior and senior court members as Buffy Paarlberg accompanied them with her singing. The most important part of the dance came when Danny Hall was crowned King of Mardi Gras.



1. The highlight of the evening took place as Terri Madigan crowned Danny Hall king. 2. Mardi Gras scenery reflects the romantic moods of Debbie McPherson and Bob Fabrie. 3. The Mardi Gras Jesters, Sally Lynn, Judy Urban, Joy Rossow and Maureen Norton, escort Danny Hall to his throne. 4. The newly crowned King, Danny Hall, leads the coronation dance with date Eileen Mastey. 5. Court members — Gary Christian, Pete Bihl, Danny Hall, Ted Paarlberg, Ken Kremer, Mike Gilbert — are introduced by master of ceremonies Todd Oberg and mistress Terri Madigan.

Girls follow the 'Road to Fashion'

"Fashion Hits the Road" on May 10 gave Clothing I and II girls a place to display their handwork as Dave Etheridge and Barry Woods provided appropriate background music.

Home Ec. teachers were pleased with the girls' performance even though a few members of the audience harassed the models.

GC banquet goes Italian, 'Mama Mia'

The annual Mother-Daughter Banquet, "Mama Mia," was May 12, 1973, in the cafeteria. Still left with the taste of lasagna, everyone adjourned to the auditorium. The 1973-74 Girls Club officers, led by president Patty Gorski, were announced. The May Queen Court was introduced, highlighted by the crowning of Charlene Cassidy as Queen. Vivian Shimoyama was Maid of Honor.

The "Kids of Illinois," performed a song and dance routine.

Experience From Cooperation Organizations

TR band arouses more spirit

The clash of cymbals and the blare of drums are not the only products of the TR band. Paper drives, bake sales and tag day projects were also organized to help support band field trips.

The blue and white uniforms of the marching band were seen often as they performed during half-time of home football and basketball games. The band also added a little pep to school spirit as they entertained during pep assemblies.

Under the direction of Mr. Wasik, the band held a number of concerts including "Bold and Brassy" and "Yesterday Once More".

Carnival brightens up SCOT year

Listening to the needs of the student body is what the Student Council of Thornridge is all about. Student Council meetings were comprised of representatives elected from each third period class and senators representing each town. Led by Pres. Jerry Tessarolo, SCOT held many activities including their annual Carnival on Nov. 10, 1973, and SCOT Day, Feb. 20, 1974.

Lettermen demonstrate prowess

A lot of practice, training and willpower are necessary for a Letterman. Each athlete that has won a letter in his particular sport automatically becomes a member. Led by President Lorin Buckner, Lettermen ushered at home basketball games besides participating in sports. They also sold tickets for their annual Donkey basketball game in order to increase the Athletic Department's treasury.

Future Lassies survive the aches & pains

The aches and pains of being a Lassie are first experienced during try-out practice. Foot-shuffling under desks and rhythm-pounding on top of them becomes a common sight as future Lassies try to memorize the steps they learned the day before.

After surviving three cuts and dozens of muscle cramps, 35 dancers and 17 band members look forward to home football and basketball game performances, as well as various community functions and parades. The '73-74 Lassies were led by Linda Baranowski, captain, Julie Nehls, co-captain, and Mrs. Jones, sponsor.

Madrigals hold the tradition of enchantment

Madrigals garbed in tuxes and long dresses provide an aura of the fourteenth century. Their ballads uphold a tradition of music bringing back music of old.

Thornridge's Madrigals are a select group chosen from Chorale. They practiced every day for one period after school plus their regular Chorale practice. They performed at a number of concerts especially during the Christmas season.

1. Learning over 20 new songs and performing at 20 concerts are part of the Madrigal Christmas Season. **2. School and community activities are sponsored by Girls Club

Sending Heart-o-grams, helping support an AFS student, sponsoring a turn-about dance and planning Dad-Daughter Playnite and the Mother-Daughter Banquet are just part of Thornridge's Girls Club. School activities are an important aspect of a student's life and Girls Club gives a chance to become involved.

Community projects are also high on their lists as Girls Club sponsors a doll house show in which the doll houses are given to needy girls. They also make stuffed animals for children in hospitals. Mrs. A. Filippi is their sponsor.

Students honored by NHS Quill & Scroll

Both Quill & Scroll and NHS are honorary organizations for Thornridge's outstanding students. Members of Quill & Scroll are nominated and selected from student publications — Piper, Bagpipe and Talisman, on the basis of their journalistic work as well as gradepoint average.

Students for National Honor Society are chosen on the basis of teacher recommendations, grade averages, and their participation in extra-curricular activities.

Debate and NFL participate in tournaments

Participation in speech tournaments and individual events is necessary for membership in the National Forensic League, an honorary organization. All of the 46 members must have earned 25 points through participation in speech events, and they compete for 3 degrees of merit — distinction, excellence and honor.

Concentration and thorough knowledge of his subject is a must for each debater. Coached by Miss Schultz, novice and varsity debaters begin preparation early in the year for their topic. This year's subject was Resolved: that the federal government should guarantee a minimum annual income for each family unit.

Theatre at TR is more than just acting

Behind every big production is always another type of cast. This crew is Thornbridge's Theatre Guild. Members of the guild are involved in the technical aspect of putting on a play such as lighting, props, costumes, and make-up.

After earning a total of 10 points by working on plays, through Theatre Guild, a student is awarded membership in the National Thespian Society. This society is dedicated to refining their own acting ability as well as an overall appreciation of the theatre.

Staff creates highlights for Talisman

Literary highlights of the year included the annual magazine Talisman, published by the Creative Writing II class. Led by Lynn Slusser, the staff selected poetry, essays, short stories, and illustrations from the work submitted by TR students. The staff was guided by their adviser, Mr. C. Chylinski.

Piper is rated 'first class' by 2 associations

Led by editor, Jo Ann Wasek, Piper had another busy year.

Beginning in the summer, plans for the yearbook are made. In September, those plans must come into being. Staff members busy themselves working on a "spread." Pictures must be taken, identified and later cropped. Copy must also be written and deadlines have to be met. Hard work does have its rewards. For the second straight year, Piper won a first place rating in NPSA and Columbia Scholastic Press judgings.

TR s Bagpipe boasts two major changes

Two changes occurred midway during Bagpipe's '73-74 year. Scott Briney, editor-in-chief, led staff members in delivering papers on Friday instead of Thursday.

Next, a big switch from the traditional size Bagpipe to the small magazine style surprised both students and teachers.

Despite a paper shortage, Bagpipe managed to keep TR's population informed.

SOP start trends in awareness

One club in TR that had membership open to everyone was SOP. Sponsored by Mr. L. Thomsen, Society of Philosophy members discussed controversial issues and sought solutions to unsolved problems. As one SOP member stated, "We philosophize about the realities behind the establishment front."

PST learns photography basics

The photographic Society of Thornridge offers the chance for interested students to become involved in photography. The basics of taking pictures — camera mechanics, lighting and dark room procedures — are studied and practiced. Members experience working with expensive equipment and developing and printing their own pictures.

Language, French culture discussed

TR's French Club supplied the needed information for students interested in learning more about France. Members studied the different aspects of French culture and language, and used that knowledge to their advantage in French class. The club was advised by Mrs. O. Canik.

PUBS widen interests, activities

Meeting 6B every day, Pomaja United Brothers and Sisters began another busy year. Sponsored by Mrs. G. Lee, PUBS members discussed many current events and how they affected the black community. Included among their many projects were a taffy apple sale, participation in SCOT day, and a fashion show in the spring. Money from this show was donated to aid in the fight against sickle cell anemia.

PUBS: Front Row: Trina Trimble, Cynthia Martin, treasurer; Bobbi Harper, vice president; Donna Gatewood, secretary; Webster Barnes, president; Leslie McNease; **Row 2:** Peggy Thompson, Linda Cobbs, Beverly Anderson, Rochelle Taylor, Brenda Jones, Theresa Williams, Faye Mayweathers; **Row 3:** Sandra Wilson, Dale Taylor, Joseph Truehart, Carol Parham, Ann Hurt, Arletha Cherry, Artena Reed; **Row 4:** Jan Belmont, Rosalyn King, Calvin Simms, Charlotte Griffin, Ivy Jackson, Avis McKinney, Daphne Lawrence, Ernest Ambrose; **Row 5:** Audrey King, Regina Webb, Karan Griffin, Cynthia Baker, Darnell Patterson, Jocelyn Rials, Barbara Thomas, Larry Wimbley; **Row 6:** Harry Trotter, Gilbert Hughes, Anthony Baugh, Stephen Anderson, Ricky Washington, Will James, Cheno Martin, Bernadette Wright. **4.** Two members of the Six Pack warm-up for performance during SCOT day activities.

All important cuts bring performers to TR's halftimes

Looking to see if your name was on the list was just the beginning. Practice and hard work came next and finally the first performance.

The thirty members of the '73-74 Pom Pon squad began tryouts early in the spring. Next came several cuts and the deciding performance before a panel of judges including their sponsor, Mrs. S. Fette.

Led by Capt. Peggy Brown, the squad performed during halftime of football and basketball games.

TR's Twirlers began their year with a new member, sophomore Sandy Fleming. The existing Twirlers — juniors Gail Rossi, Nancy Sertich and Debbie Wiltjer — welcomed their underclass partner with open arms. All four then began practice for performances.

Highlander traditions upheld

Highlanders is the organization that works mostly "behind scenes" at Thornridge. Most students don't realize that chairmen gather as early as July at the sponsor's home to plan the October Homecoming.

A selective group, Highlanders accept applications for the following year's members who will try to uphold the traditional hardworking policy. Although Highlanders has only a couple meetings a year, the members get to know each other by planning Homecomings such as this year's "Something Scottish" and working together at flings.

Male population at TR unites through Boys Club

Uniting the male population of TR is the main purpose of Boys Club. Boys Club representatives met once a month and were given information of BC activities to relay back to homerooms. Giving gifts to hospitalized children at Christmas and sponsoring their annual Record Hop were just two of the events members held.

Climate conditions don't slow down Roadrunners

Through rain, snow, wind, any type of weather, one can find TR Roadrunners "doing their thing." Members met once a month and ran 5 to 10 miles each day. Sponsored by Coach Robert Nicholson, Roadrunners held a Walk for Mankind and a Run for Fun. Membership in Roadrunners was open to everyone. Even twelve-year old Jim Galen, brother of Roadrunner Bob Galen, was an active member.

Swimming taught by Guard Sat. mornings

Saturday mornings the TR Guard can be found at the pool teaching area grade school children the fundamentals of swimming. Although frustrating at times, most Guard members find teaching a rewarding and challenging job.

Students interested in becoming Guard members first must pass a junior lifesaving test, which is given by the Athletic Department.

Timers lend support to swim team

Some of the most important figures at TR swim meets are the Timers, who clock the times of the swimmers down to fractions of seconds. Timers Club is open to anyone who would like to support the Flying Fish; the only requirement is that members come to meetings and learn to use the stopwatch.

3. Individuality finds expression in Art and AV

Expressing an interest in art is all that is necessary for membership in Art Club. Members used their talents to create the projects that were in the Art Display Case. Besides displays, members also participated in the Scot Fair held Nov. 10, 1973.

Ever wonder who the guy pushing the projector was? Most likely he was a member of TR's Audio-Visual staff. AV members take AV equipment to the needed classrooms and assist teachers who need help in setting it up. They also use their individual skills, such as photography, to advance their knowledge of the equipment.

Kings and Queens are captured by Thornridge's Chess Club

"Oh! You captured my king!" is an often heard exclamation through the halls of D building. This was the meeting place of TR's amateur Bobby Fischers who had hopes of becoming champions.

The game is basically learned and practiced every other Thursday after school. Every Tuesday night the chess team, which is comprised of members of the chess club, have their mind battles against other area schools. Their sponsor, Mr. Lerch, was always on hand to offer advice concerning tricky moves and tough matches.

Problems become challenge to Math Club

A problem is presented to a class. To some students it will become a challenge.

Every other Wednesday, Math Club met after school to work out extraordinary problems. Sometimes a whole day was spent on just one problem. But members felt that they got a certain satisfaction out of being able to solve an especially difficult problem.

For those students who needed tutoring math club offered a service every Tuesday.

Careers are reality for DO members

Training for careers in industrial, technical, and health fields is offered in Diversified Occupations. Students receive on-the-job training and also attend school.

AFS enables student exchanges

International exchange of students is the primary purpose of the American Field Service. It enables selected students from TR to live in a foreign country for one year and also a foreign student to attend TR while living in the U.S. AFS members are representatives from each club and the club is sponsored by Miss Dewey.

Cash registers, shelves to stock part of 'school'

Knowing the basic skills of marketing and management is necessary in the business world. The 24 students enrolled in Distributive Education acquired these skills through training in retail or wholesale businesses. Besides working on their jobs part of each school day, DE students also have various displays in the DE display window.

Sears leads this year's employers' list with five TR students. A&P and K-Mart each employ three DE students. Other cooperating employers are Almar Gift Shop, J. C. Penney, Jewel, Lyttons, Marshall Field, Thrift-T-Mart and White Hen.

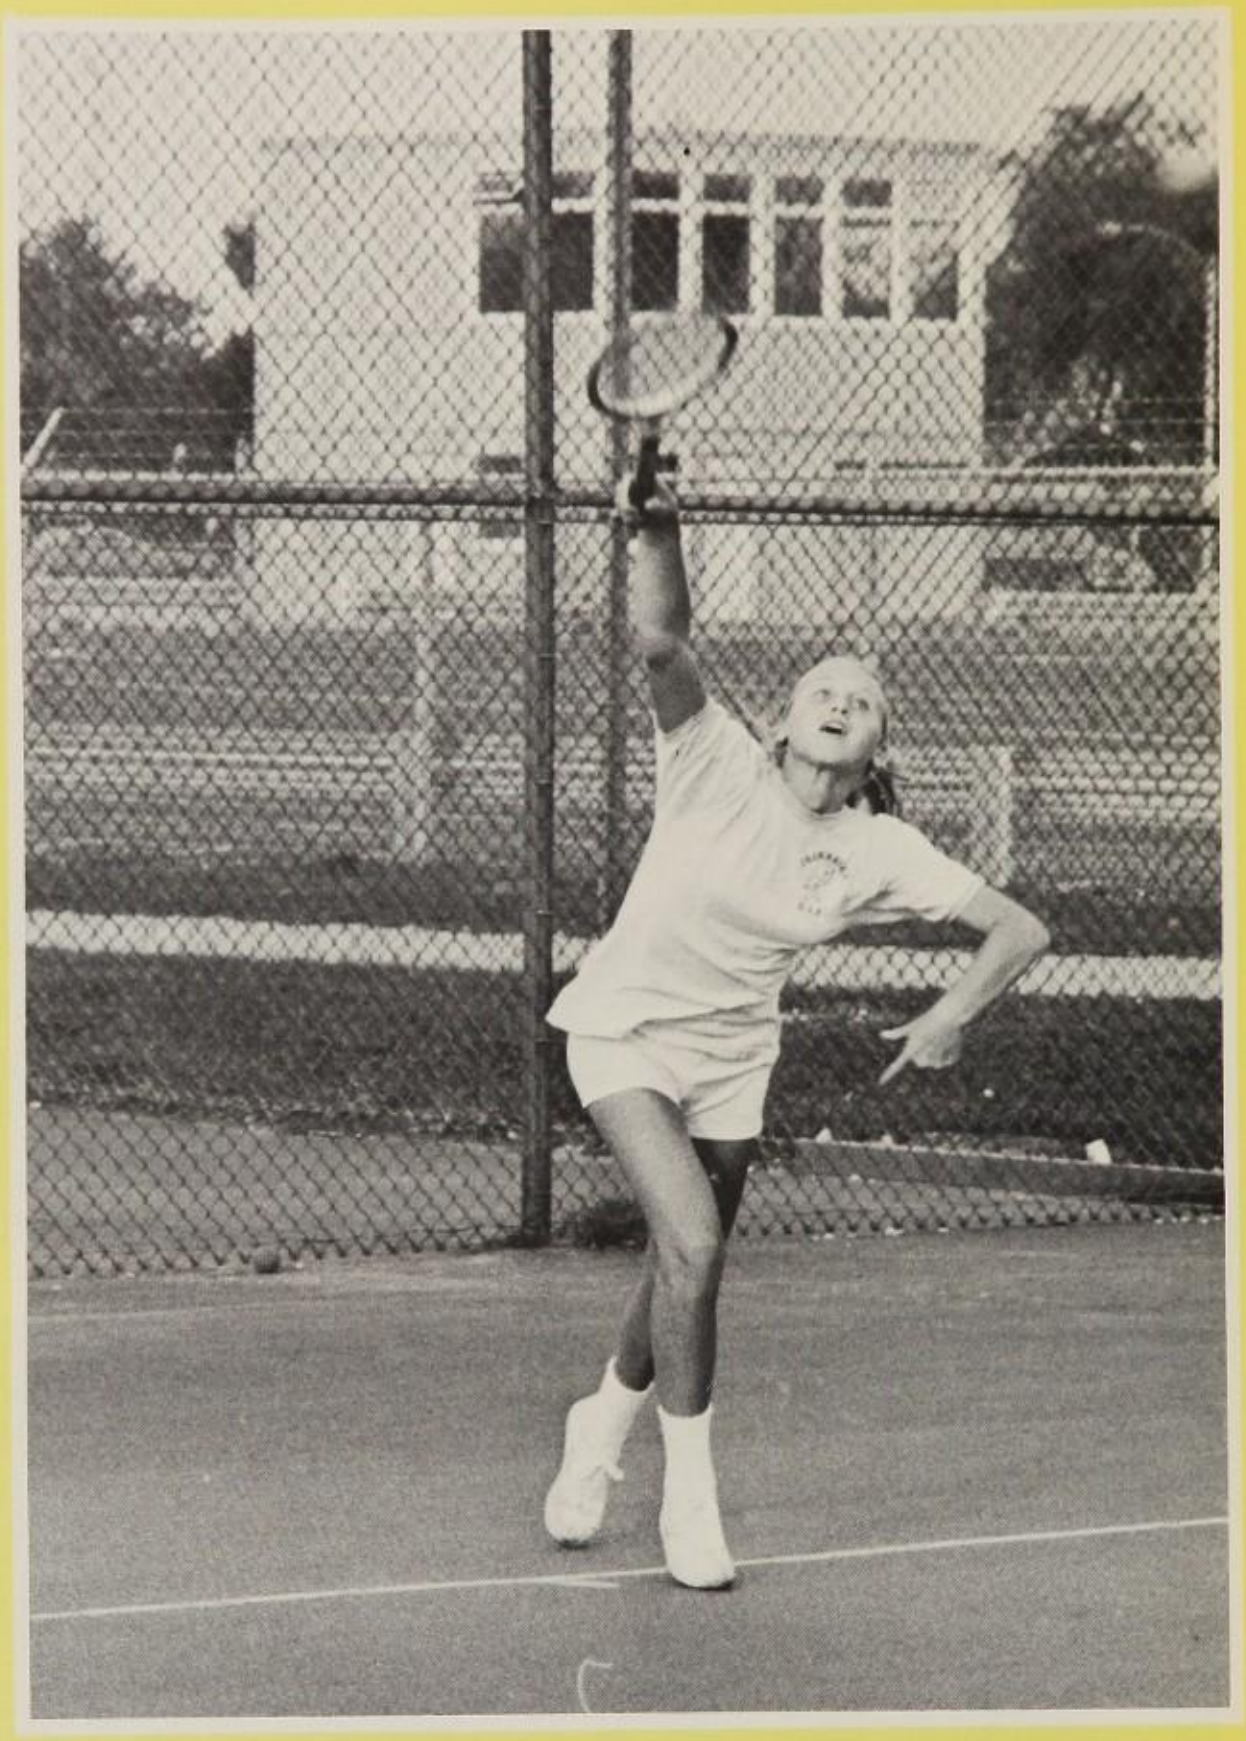
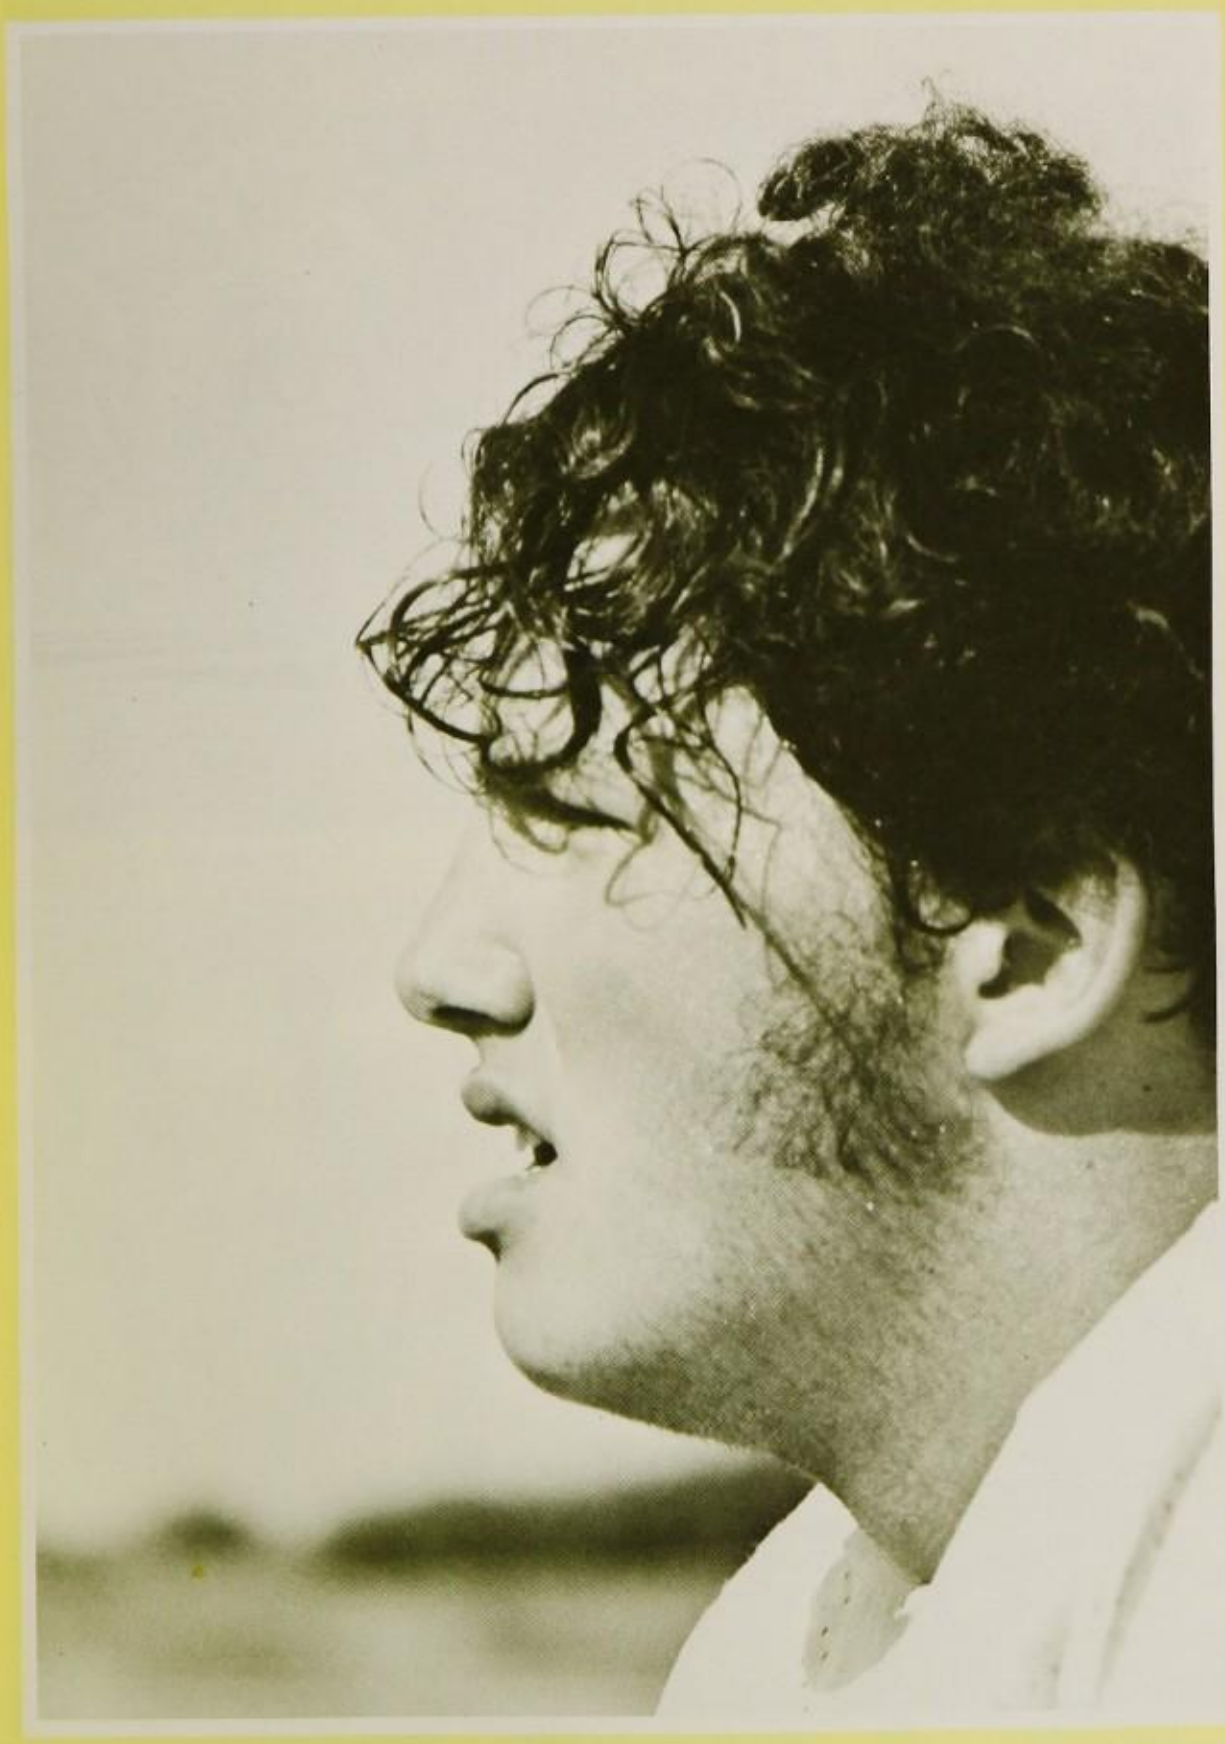
Career training made possible by HERO, VICA

For the student who is planning a future in any of the fields relating to Home Economics, Thornridge offers HERO. The student who enrolls in this program works part of the day and goes to school the rest of that day. This gives the student the opportunity to receive on-the-job training while finishing school. Members of this program and any of the other vocational programs earn school credit for their work on the job.

All of the vocational programs stem from VICA, Vocational Industrial Clubs of America. After joining any of the vocational clubs, students become eligible for membership in the VICA program. All of these clubs, whether nationally or state instituted were developed to help the student to discover a career.



Experience From Competition Sports



7 men make all-conference listing in 1973

Thornridge took their third league football Championship in four years as the Falcons ended with a 7-3 record. Thornridge also landed seven players on the 44-man all-conference team. They are Tom Shannon, Bob Kruse, Milt Wilkerson, John Notardonato, Curtis Harris, Brian Olofsson, and Grantlin Banks.

Falcons finish 22-6 season in sectional

Ken Kremer, Dan Suggs and Tim Williams were named to the All-Conference Basketball team for 1974. Rocky Hill won honorable mention. In their last visit to the Rockford-Guilford Turkey Tournament, the Falcons won all five of their games en route to the championship. Next year they will switch to the Quincy Turkey Tournament.

The Falcons won their fourth straight Regional crown. They advanced to the Sectional finals, where they were up-ended by Bloom. The Falcons finished 22-6 overall and placed second in the SICA North Central Division with a 12-2 record.

Sophomores set 30-win record before only loss

The 1974 sophomores, under new coach Oliver Carter, continued the winning way they began as frosh. They added 12 more wins to their 18-0 frosh record before losing to Bloom. The record stands at 13-1 in SICA North and a total of 24-1.

Their 30-game winning streak set a school record for frosh-soph.

They won their own Christmas tournament by beating Homewood-Flossmoor and took first in the Bradley-Bourbonnais in March by beating Kankakee Eastridge.

Frosh set 'most point' record

The Frosh basketball team finished their season with a 17 and 4 record. The Freshmen set a school record for the most points a game when they beat Richards 103 to 24. They also have the record for the biggest margin of winning. At the T. F. North tournament Beany Motley was voted MVP.

Some of the individual records are these: Beany Motley led the team in socring with 286 points; Steve Smith had the best field goal average for the team with a .532; Kevin White had the best freethrow average with a .704, and Tom Norley led the team in rebounds with 190.

Sophomores have best season for wrestlers

The varsity wrestlers under the watchful eye of Carlos Medrano, put their season to rest with strong finishes at league and district to finish at 7 wins-9 losses. John Hanson, a promising sophomore, captured the Rich East Rocket Tourney championship in the 105 lb. class.

Having put together one of their best seasons, the sophomore matmen wound up with a 12-3-1 won-loss record. Freshman grapplers ended up with a 12-4 won-loss standing. Due to much talent, they placed a high fourth at Bloom and Tinley Park invitationals, and a strong second at the Rich South Invitational.

Young team places third in conference

Placing third in the SICA Conference, which involves twelve schools, was indeed a source of pride for the Girls' Gymnastics team. This year's team is the youngest of the south suburban schools and, therefore, one of the most inexperienced. Despite these disadvantages they ended the season with a record of 8 wins and 3 losses under the direction of Coach Jane Leggett. The losses were all less than 1.00 point differences.

Freshman Diane Kolb earned recognition as most valuable gymnast. She worked all-around and consistently placed high in the meets.

Girls serve up winning season in volleyball, 10-3

In the late afternoon you can hear the sounds of volleyballs bouncing off floors, walls, and occasionally the ceiling. All of these noises are made by the girls' volleyball team.

These 22 girls managed to romp over 10 of the surrounding South Suburban schools. Thornridge hosted 7 of these schools here in our own gyms. At the end of their season, the girls had a record of 10 wins and 3 losses. The girls practiced long hours and gave up much of their spare time in order to learn to play well.

The team was cheered on by their peers who made elaborate posters and hung them in the breezeway in F building.

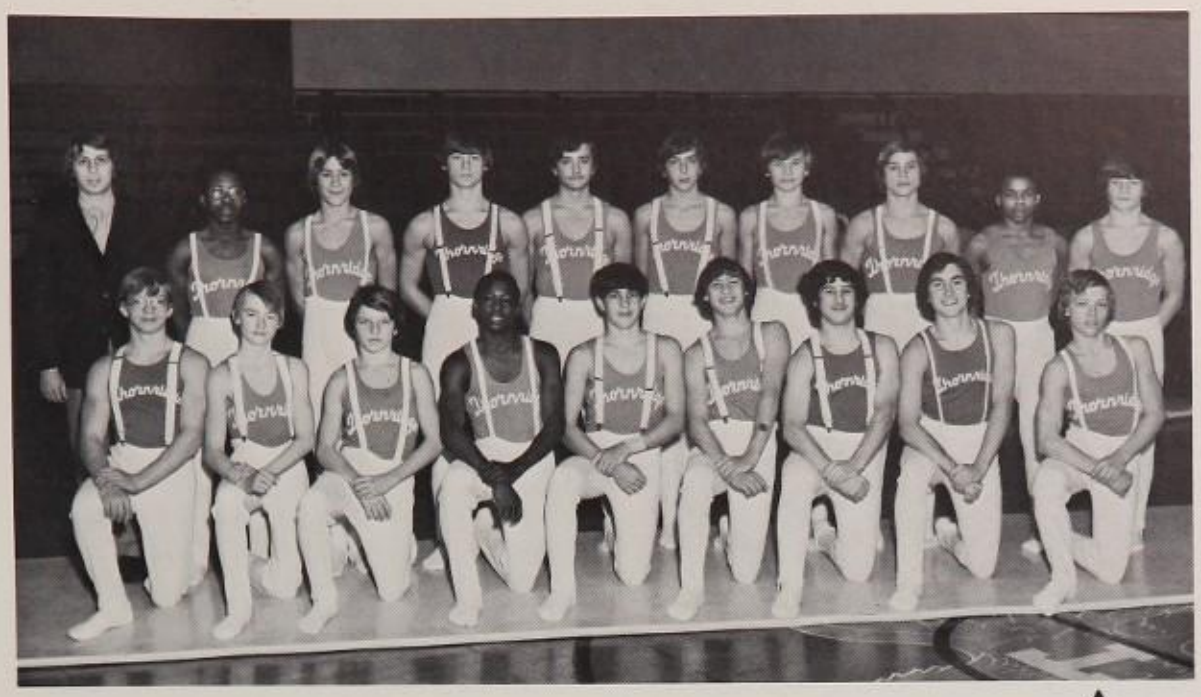
Moerbeck 1st All-American in gymnastics

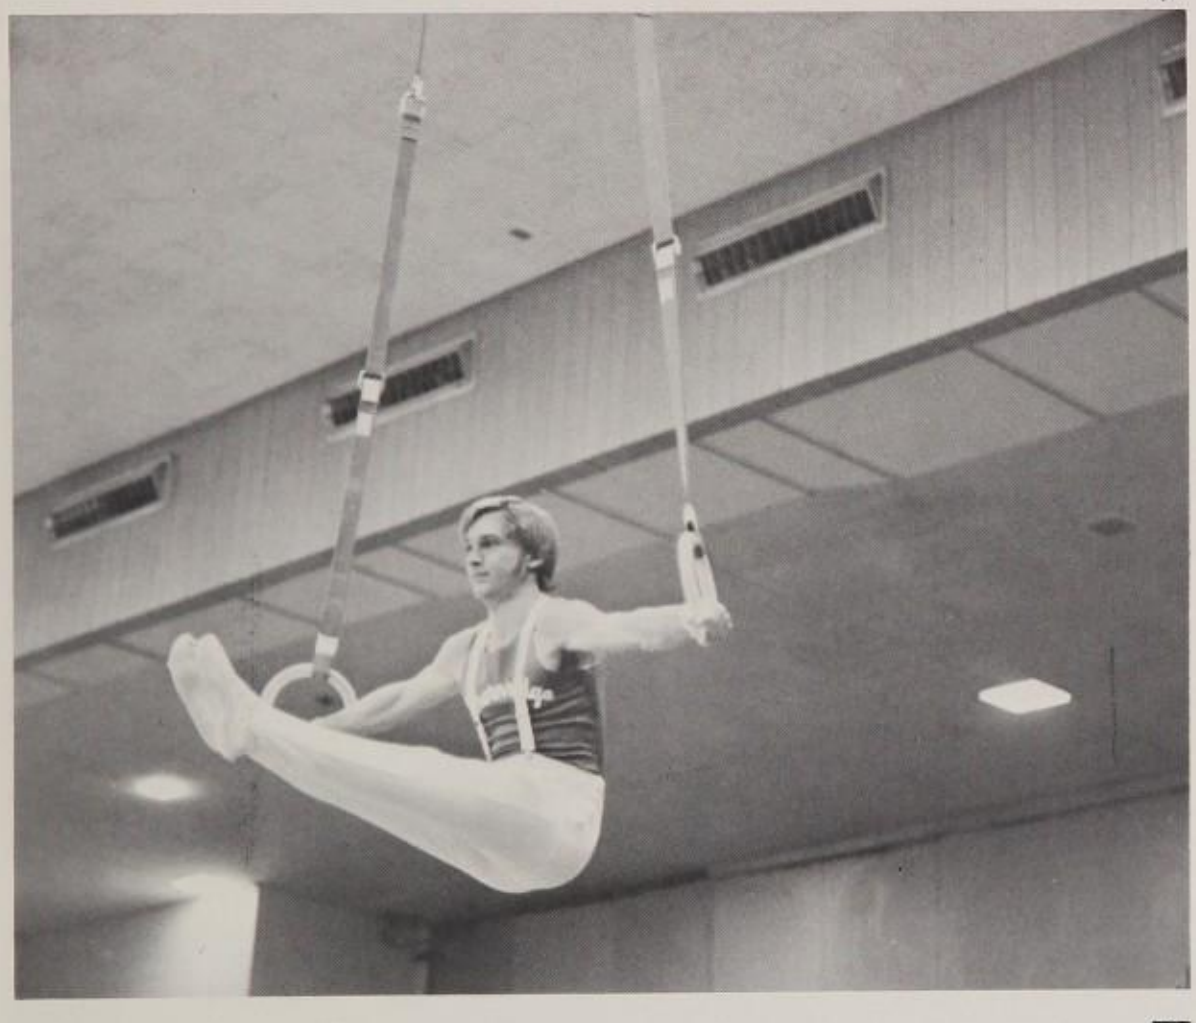
Bob Moerbeck became Thornridge's first All-American highbar competitor. Team captain Moerbeck was voted "Most Valuable" by the team and placed seventh in state competition.

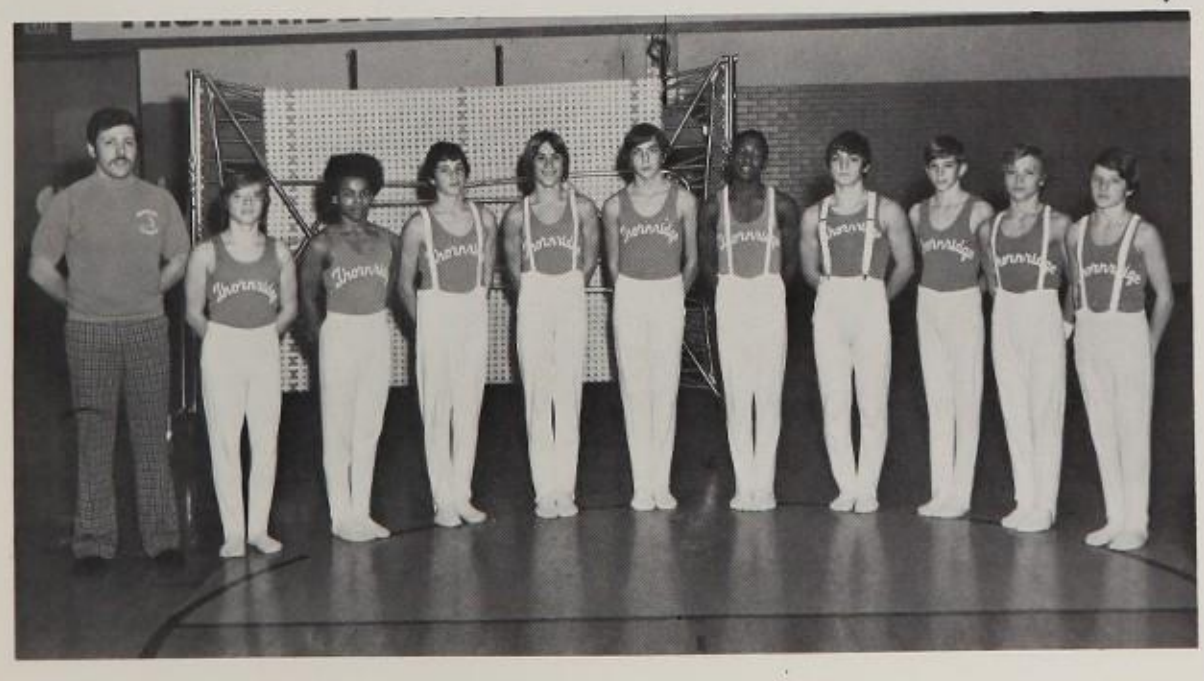
Kevin McGraw placed thirteenth in state trampoline competition.

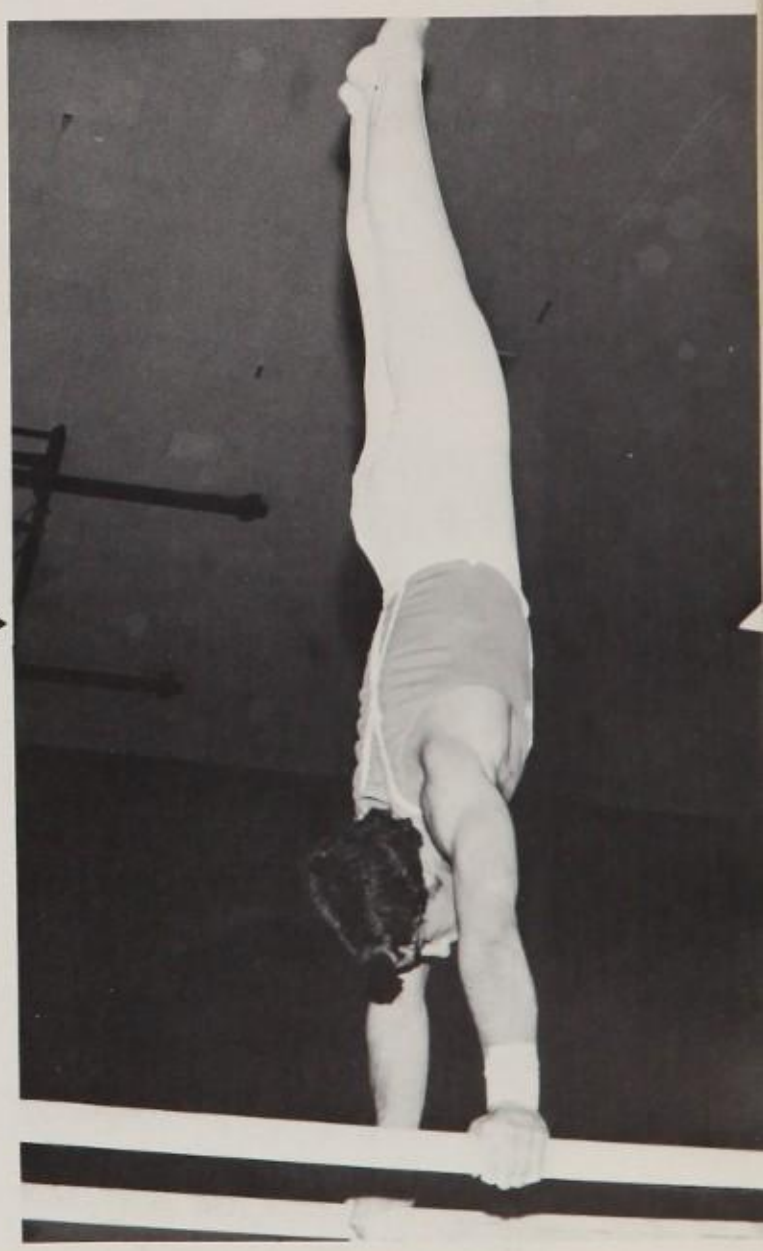
The Varsity duel meet record was set at 11 wins and 1 loss. Placing second in the sectional, district and conference meets, the team took eighteenth in state competition.

Sophomore gymnasts ended their season with a 10 win, 1 loss record, and took a seventh place in state competition. Placing third in the Rich East Tournament was the Freshman team, which finished its season with a 2 win, 1 loss record.









Mastey takes state championship in diving

Randy Mastey became the new state diving champion, helping the Flying Fish finish their season with a 8-4 win-loss record.

Under the new coaching of Hal White and Dave Niesen, they also finished 5th in league meet and 2nd in district. In state competition, the team finished 10th.

The sophomores under the coaching of Mr. Niesen, closed their season with a 6 and 6 win-loss record and 3rd in league.

Swim team splashes to a 5-3 season

Girls swimming proved to be a growing sport this season. Out of 75 girls trying out for the team, 47 girls were chosen. These girls made up the largest swim team Thornridge has had.

Competing against eight opposing schools, five became victims of TR, as the team swam to a 5-3 season. The girls competed in freestyle, backstroke, breaststroke, butterfly, team relays, and diving. Outstanding swimmers chosen by Coach Bergstrom are Denise Dwyer, Idalee Hines, Sue Dwyer, and diver, Sue Brink.

Badminton, B'ball keep girls busy for second year

1974 marks the second year in which the Girls Badminton and Basketball teams have been a part of Thornridge athletics. This year's teams have proved to be as capable as their predecessors.

The teams play against other high school teams from the surrounding communities in the south suburbs. These games were played in the late afternoon, after school hours.

The Basketball team was made up of two different teams. These teams were referred to as A and B team. The Badminton team was not divided.

Pep and posters are cheerleader specialties

Performing at all games regardless of weather conditions and aching muscles, the cheerleaders were there to support their teams. Cheering for all interscholastic sports, the girls encouraged the boys on to victory. The cheerleaders also boosted school spirit by making posters each week for the team. Spirit was also encouraged by their performance at pep assemblies. Char Cassidy, captain, led all three squads. Ten varsity, seven junior-varsity, and seven sophomores were also helped by co-captain Sandi Claxton.

Bowlers join TR athletes in competition

Mrs. Deborah Campbell was the sponsor of the newest girls team this year, the Falcon Bowling Team. The team consisted of ten members, and those who were beginners were given a chance to improve their skills, while the veteran bowlers worked to achieve even higher scores. Practice was carried on each day at the Dolton Bowl.

Winning against Eastridge (785-767) and Crete (796-726), the team finished with a record of two wins and eight losses. Major award winners included Sue Sinderwald, Kathy Siadek, Debbie Tuftedal, and Karen Valente.

Oliver, Rock set records by hurdling

While the Falcon track team was wrapping up its season with five wins and four losses, two of its members, senior George Rock and Junior Ron Oliver, competed in the state finals in the high and low hurdles.

Earlier Oliver had set a school record in the 60-yard hurdles at 7.0 seconds, the fastest in the nation. He also broke the school record in the 180-yard low hurdles with a 19.3 clocking. Rock also set a new record in the 120-yard high jump with a 14.3.

Sophomore Ed Hawkins set a soph school record in the long jump with a leap of 21′5¾″, eclipsing his old mark, 20′11″. The soph 880 relay team — Willy Elmore, Don Unhock, Ron Hull and John Cuningham — broke the soph record with 1:35.8. Freshman Dan Lussier set a new record in the pole vault at 11′-0″.

TSST girls splash thru their season

For girls interested in "dancing through water," Thornridge offers T.S.S.T., a performing group that features water ballet. Approximately 25 girls are chosen according to their basic skills and they work to improve their stunts throughout the year. The club performed one swim show in the spring and also participated in a stunt meet.

Calabrese bats .408 to lead team

Under the coaching of Mr. Wally Shatkowski, the varsity baseball team began their season by winning their first five games. One of the better games of the season was against Thornton where eight homeruns were hit, three by Tom Calabrese, who also led the team in hitting with a .408 batting average. Tour policy for groups makes controversy

District 205 Board and administration once again faced a year of decisions. Controversy over extended field trips caused much of the disagreement in the fall.

After meeting with music directors and members and after hearing the pros and cons, the school board reversed its previous policy by prohibiting extended field trips.

723 seniors share future and memories

Each of the 723 members of the class of '74 has special memories of his four years at TR. But all shared similar experiences — the hustle and bustle of freshman year, driver education while sophomores and their first extended day during their junior year. Now, as seniors, they face a more challenging future and must use the knowledge gained during high school to make it more rewarding.

Senior Class Officers: Faith Hawkins, vice pres.; Tom Handler, treasurer; Linda LaBanco, secretary; Pat Mulvenna, pres.

Being a junior nerve-wracking experience

Being one of the 676 members in the juniors class meant going through the nerve-wracking experience of selecting a class ring. It was also the time to begin preparing for college — taking preliminary college examinations and selecting a college to attend.

One of the most rewarding experiences of being a junior is knowing that next year will be senior year, bringing the responsibilities and changes that come with age.

Archery was one of the selections in girls' physical ed. that proved to be popular.

967 enter TR

The Class of '77 was the only class that did not have to struggle through self-scheduling in August and again in December. The counselors made their course selections for them. Even so, the frosh felt baffled enough as they tried to find their way from F Building to B Building in the allotted five minutes without getting lost.

Coming from seven junior high schools, they found it difficult to identify other freshmen unless they shared a class with them.

Learning to be a part of this huge "being" called Thornridge High School was a once-in-a-lifetime experience and they were relieved to know they had survived it.

As our Once-In-a-Lifetime Experience draws to an end, thanks and appreciation must be given to many individuals: Wendy Johnson for our special "artwork," our arrows; the Hacklemans from American Yearbook Company, and the company itself; Root Studios for all student portraits and teacher informals; Matt Davis for spending much time taking, developing and printing many needed pictures; and the student body and administration of Thornridge for making '73-'74 a Once-In-a-Lifetime Experience.

And last and most important, to our always reliable sponsor, Mrs. "G" (Mrs. E. Grossman), for her advice leading us to make this book our Once-In-a-Lifetime Experience.

Once-in-a-Life experiences stay with us

As another year came to an end, the first time experiences we had during 1974 stay on our minds.

The gas pinch was felt by everyone as frustrated drivers formed three-block-long lines. Indictments of government officials along with talk of Nixon's impeachment excited others. "Streaking" became popular on college campuses while Reye's Syndrome baffled doctors.

Throughout our four years of high school, many traditions were upset. With optional participation in graduation ceremonies, many students still clung to the traditional graduation exercises. A cap, gown and tassle signify different meanings for different students, but each knew We Have Passed Through a Once-in-a-Lifetime Experience.

Gayle,
It has been
one FUN year
in Journ & Amer.
Writers, just won't
be the same with
nobody to change
my stories, ya know.
Good luck and
congratulations on
graduating.

love,
Chris

Gebe -
Being a very important person in TR (?)
I will sign in the middle and in Bold
handwriting. High school
really lets you find yourself and
makes you feel like
you're really something Right?
Anyway, Gayle, underneath
all that Yellow you are a
great lady. Keep up and
take care so I'll see you
around (yay, we did it!!)

love,
Wendy

Gayle,
It has been fun
knowing you
this year. Pom-Pons
was fun. Good luck
in everything you
do.

Gayle,
It was nice having you in my
English class. Have fun
after you graduate. But please
miss us. Na, Na!
Good luck
always
